

SURGE

WEBSITE

HOME PAGE

Importance

As soon as the viewer lands on the page they can click if they are interested in looking for a job or a designer to work with.

Purpose

This is the home landing page. The viewer is able to see the overall information about Surge. They have the choice to learn more by clicking on the button.

Design

For the design I wanted the style to resemble; simple, clean, fun and professional.

LEARN MORE

HOME TALENT CLIENTS ABOUT CONTACT LOG IN

Screen Action

When the viewer clicks on the "log in" button in the corner, this screen occurs.

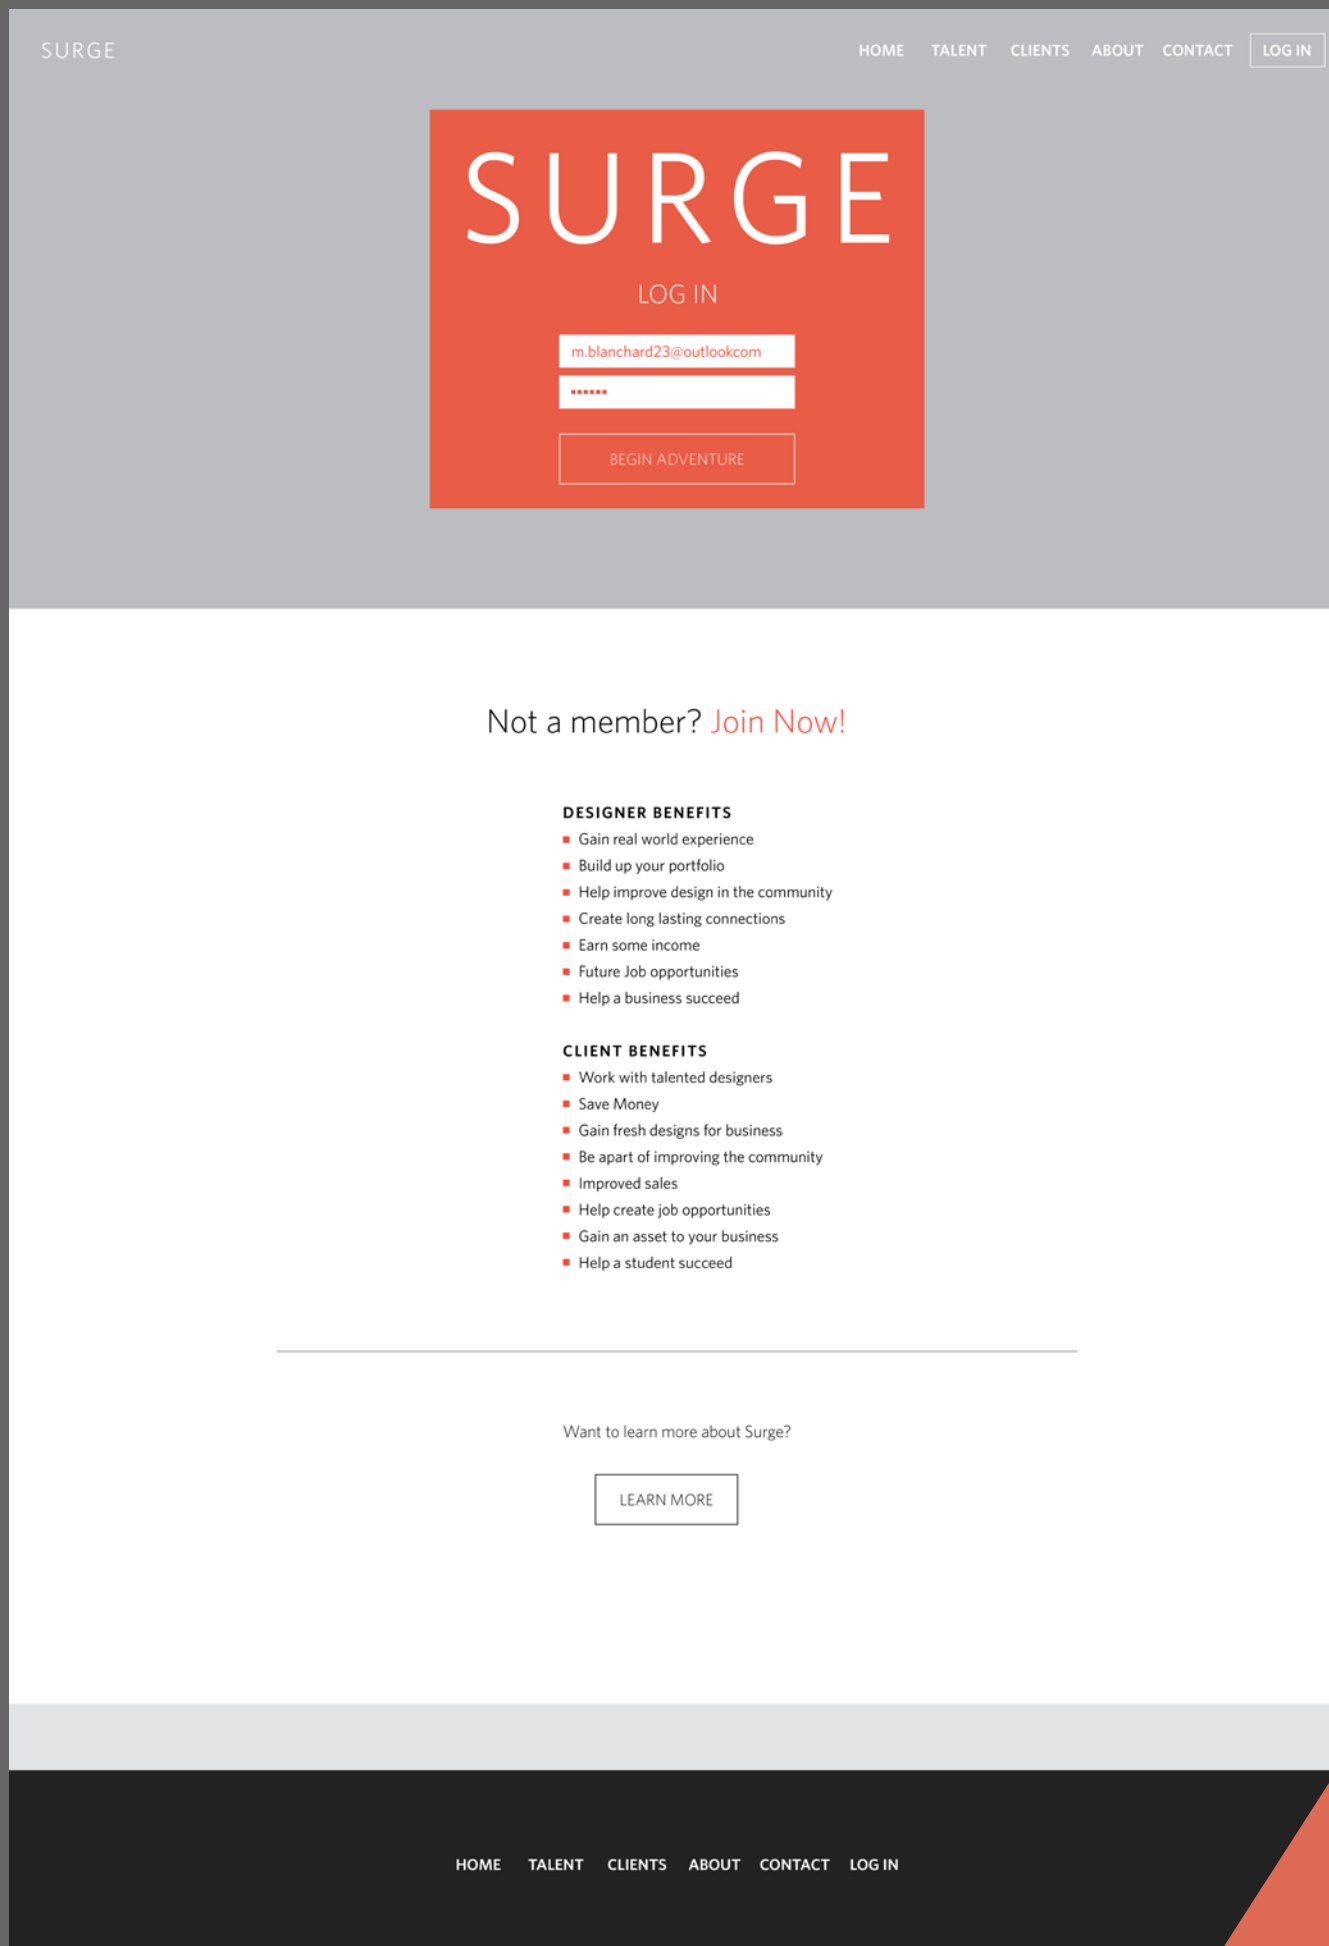

Purpose

From here the viewer can either create an account or log in.

Learn More

He or she can also learn more about Surge before creating an account.

LOGGING OUT

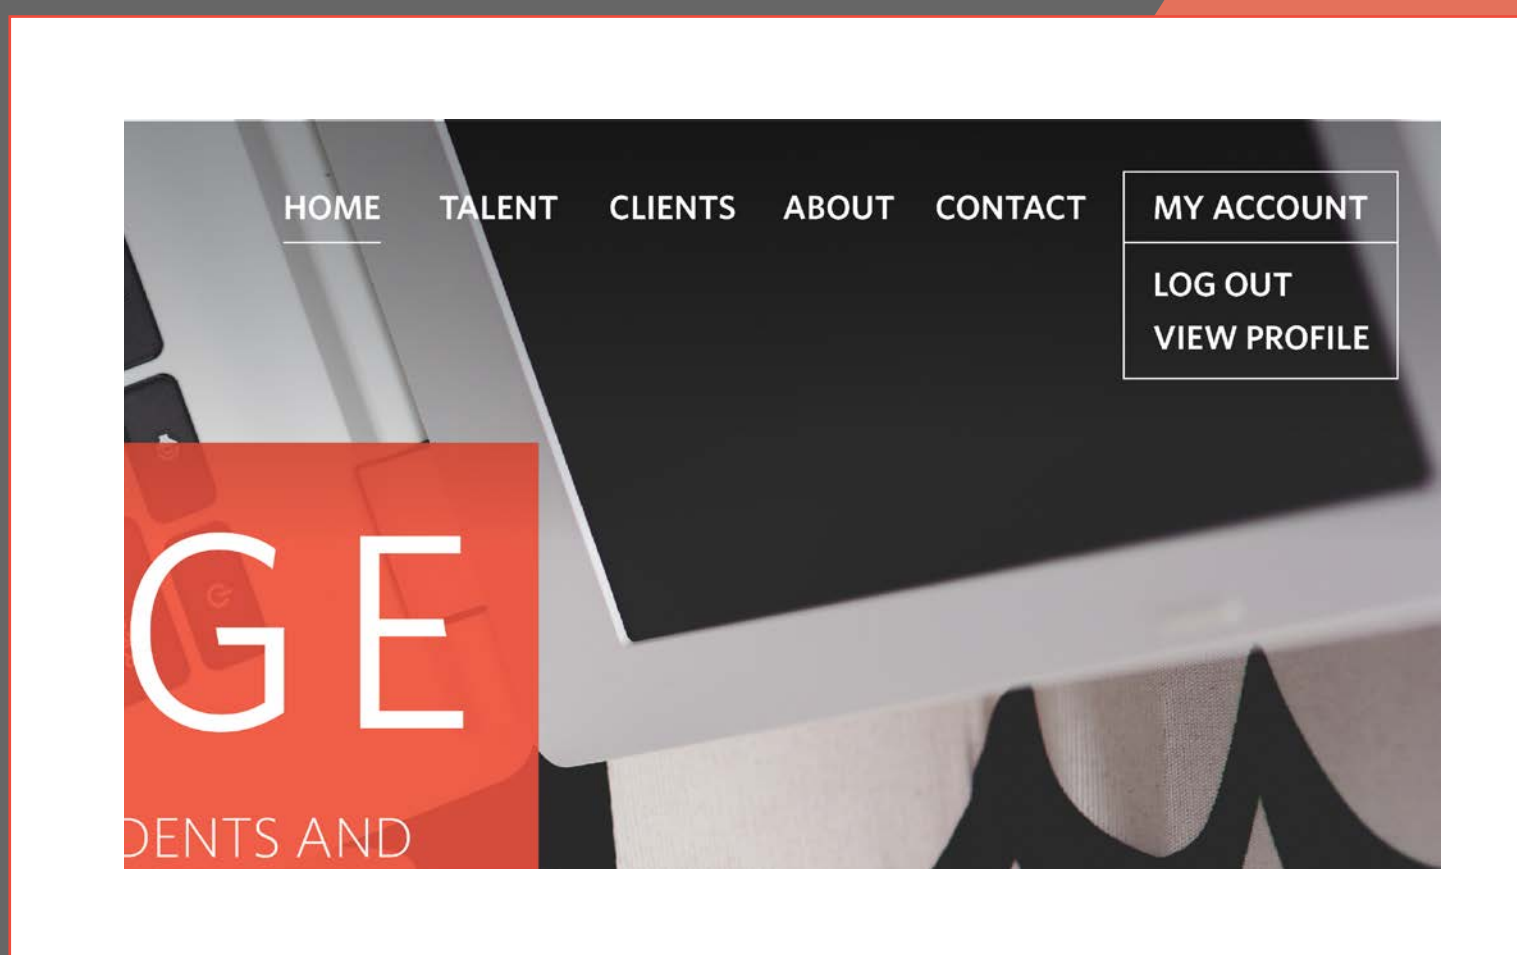

Logging Out

The image of the left shows what the viewer sees as soon as they click the "log out" button. He or she can view all the benefits that Surge can offer.

Button Actions

The image below shows what happens when the viewer hovers on the "my account" button. There the viewer can log out or view his or her profile.

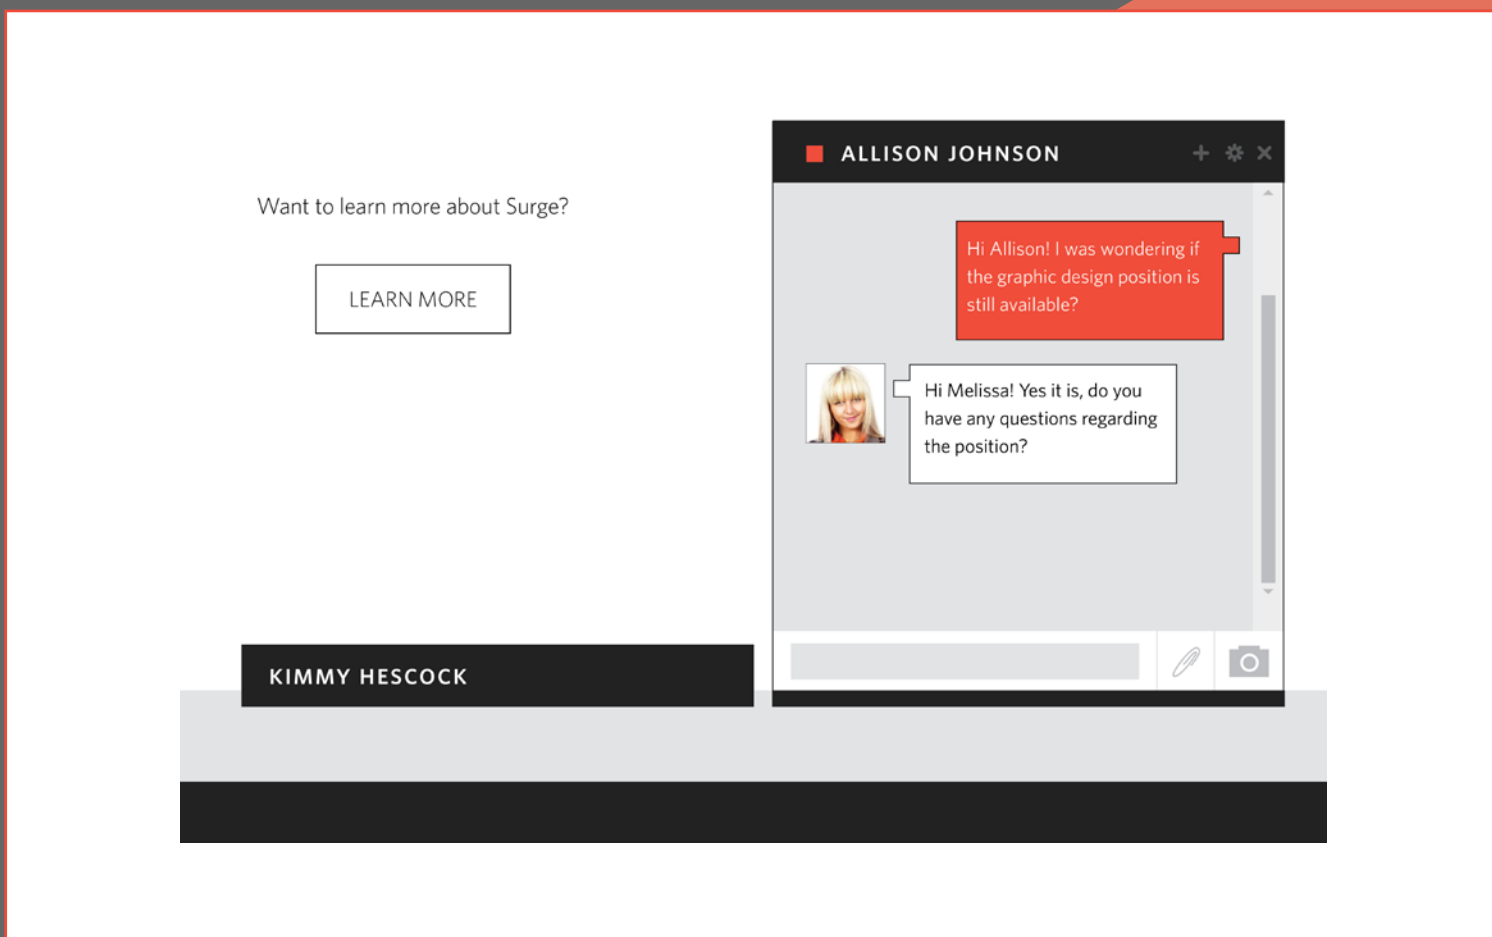

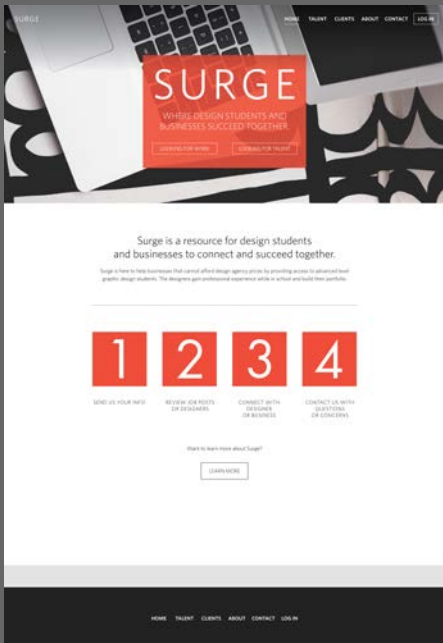

POP UP CHAT

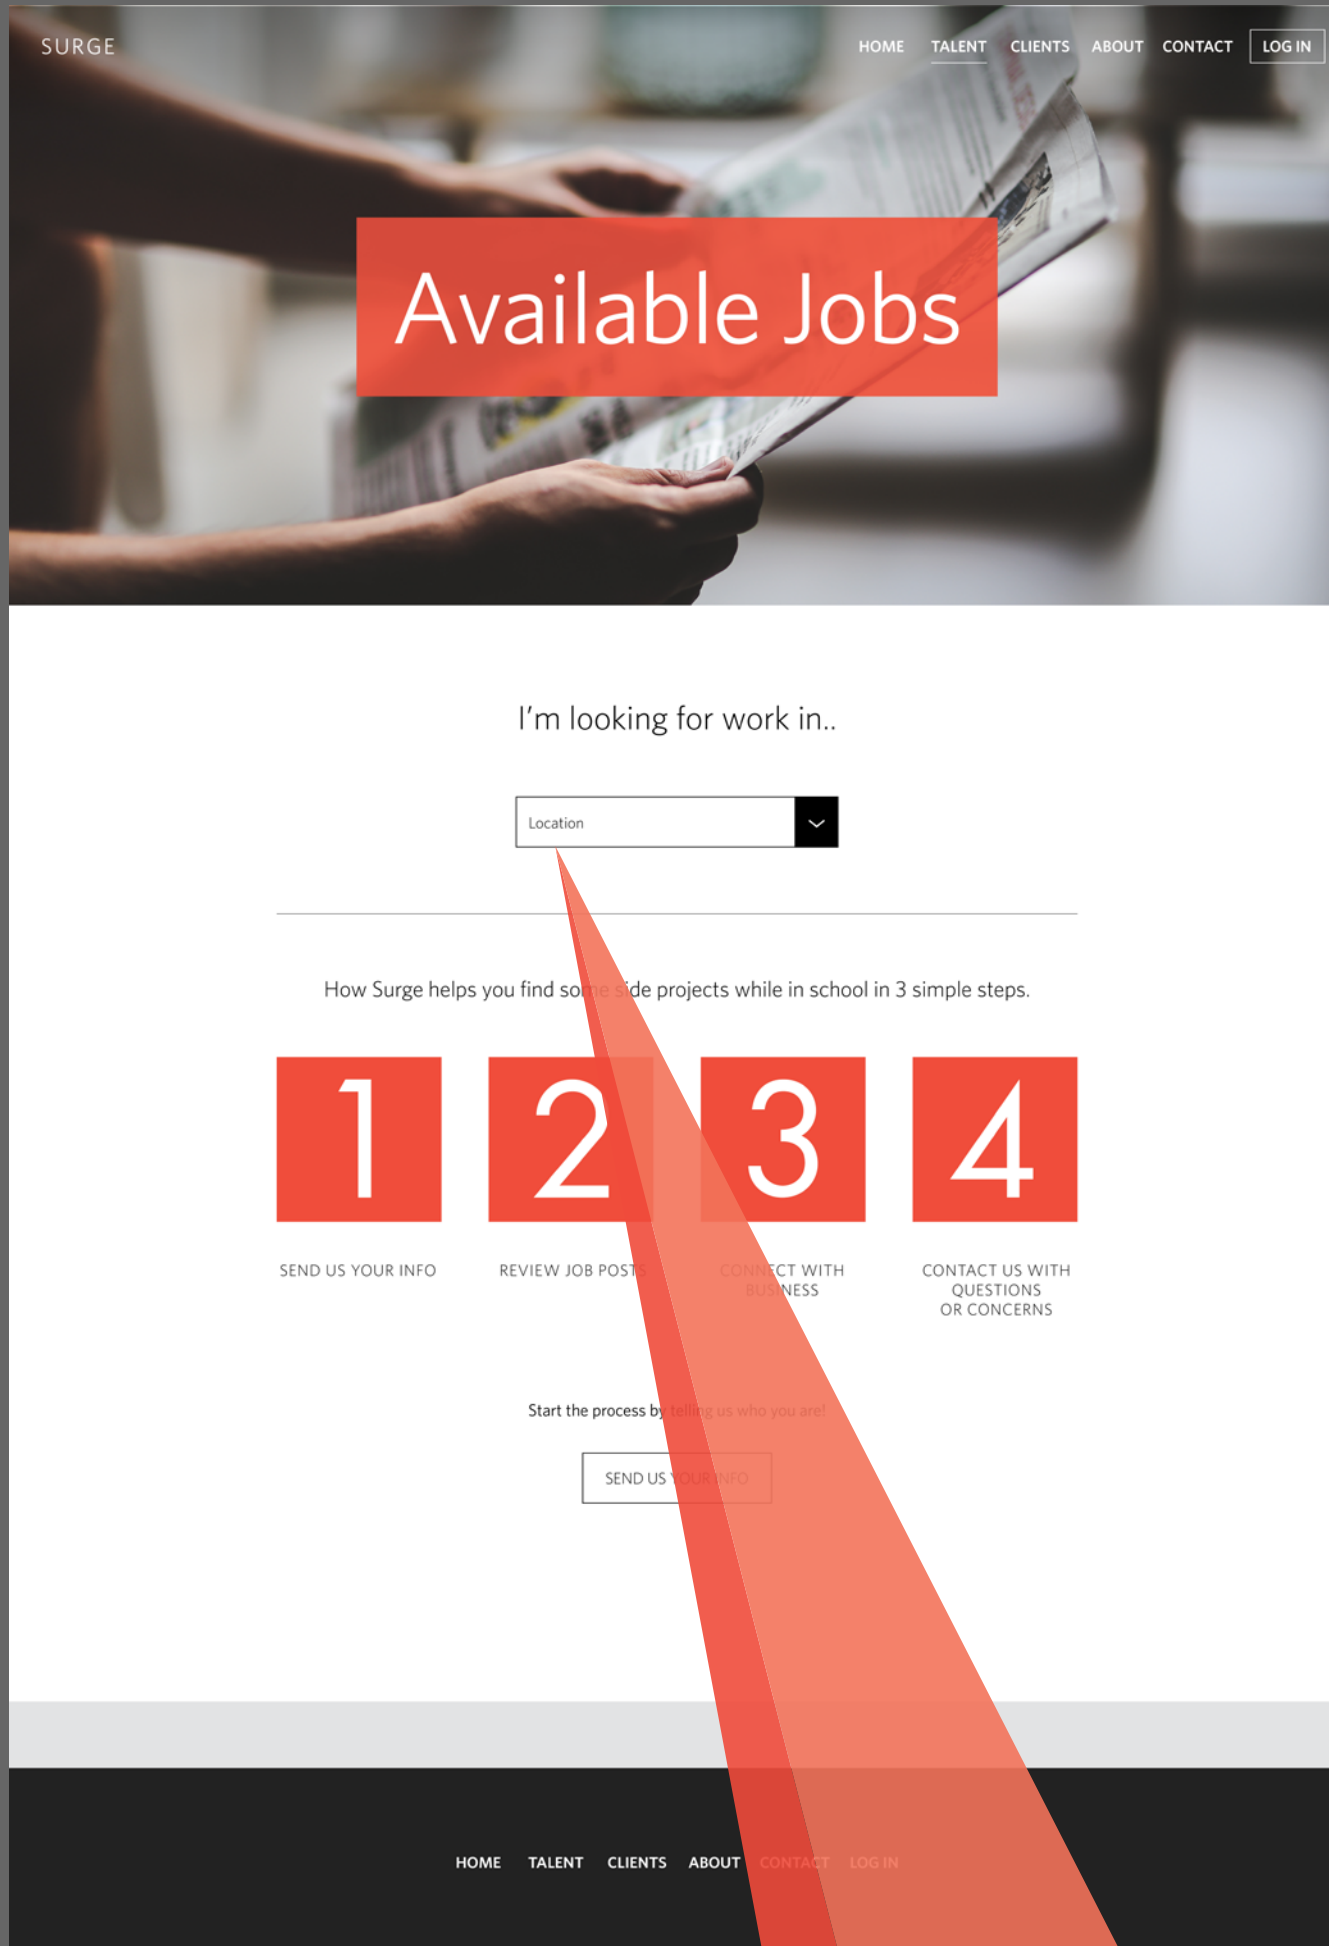

Pop Up Chat

When the viewer is logged in he or she can see pop up chats at the bottom of the page. The pop up chat stays in place when scrolling up or down on a page.

Before Logging In

Below is what a viewer would see before logging in. The viewer has no pop up chats displayed and in the menu it says "log in" verses "my account".

Job Search

When the designer clicks on the "looking for work" button on the home screen he or she would see this screen. The designer can see the steps to take in order to get a job. The designer can submit a form of his or her information to be displayed on the graphic designer page.

Drop Down

When the location arrow is clicked, a drop down occurs displaying the cities where jobs are found. Next to it has a number of jobs in each city.

I'm looking for work in..

Location	
Albany, OR	(1)
Corvallis, OR	(2)
Hillsboro, OR	(1)
Portland, OR	(3)

Job List

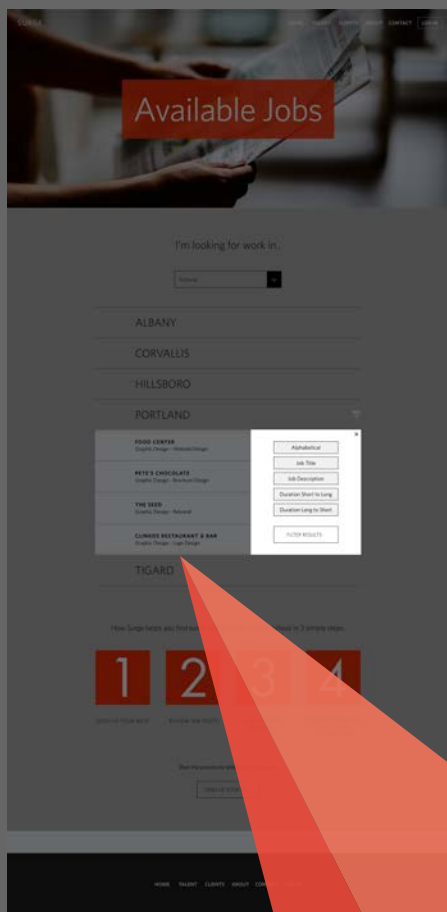

After clicking on a location a list of jobs appears. When the designer desires to close a city he or she can choose to do so.

Accordion Fold Action

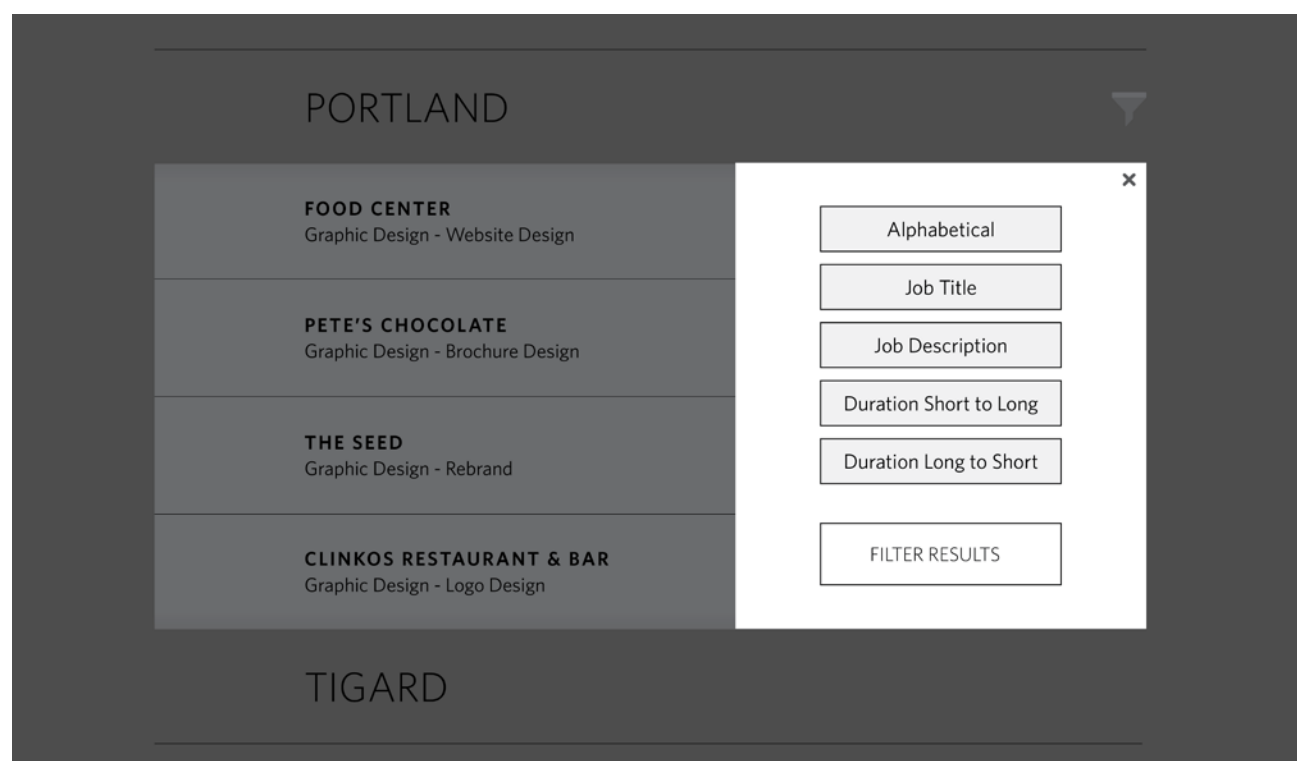

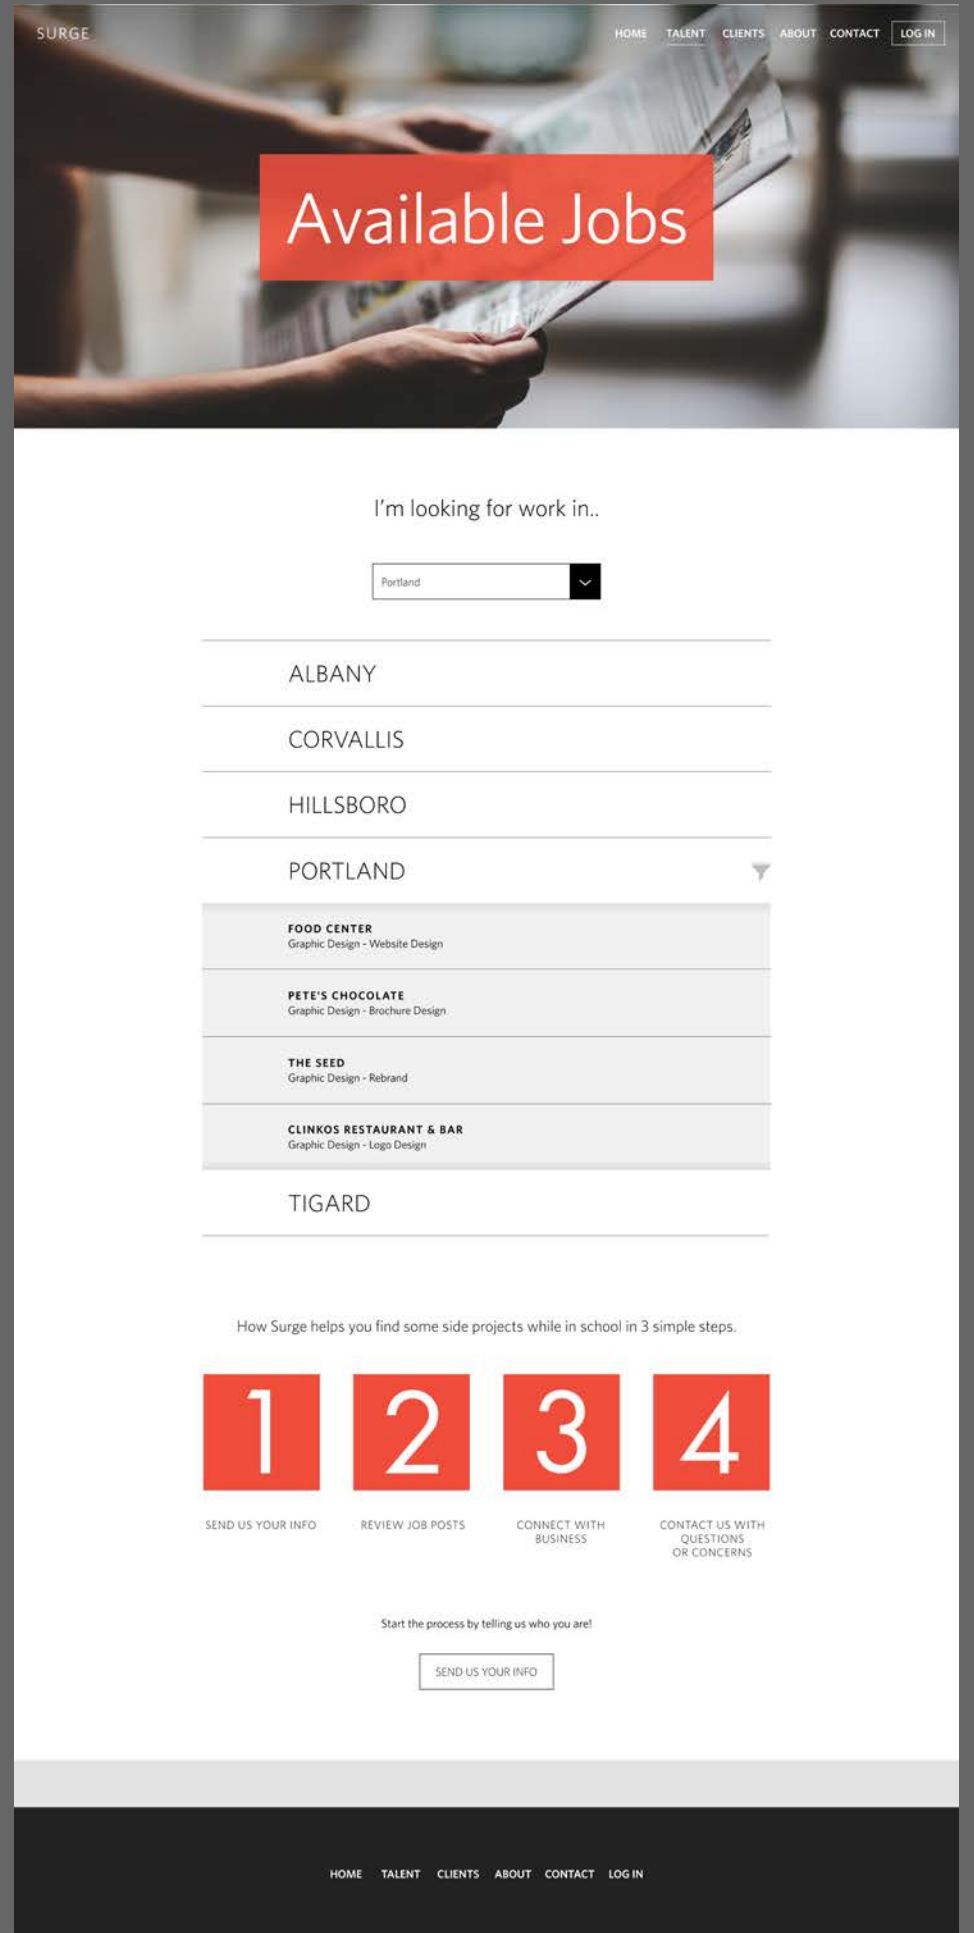

If the designer wants to click on a different city then jobs would fold out when clicked upon. The section displays an accordion type fold.

Filter Option

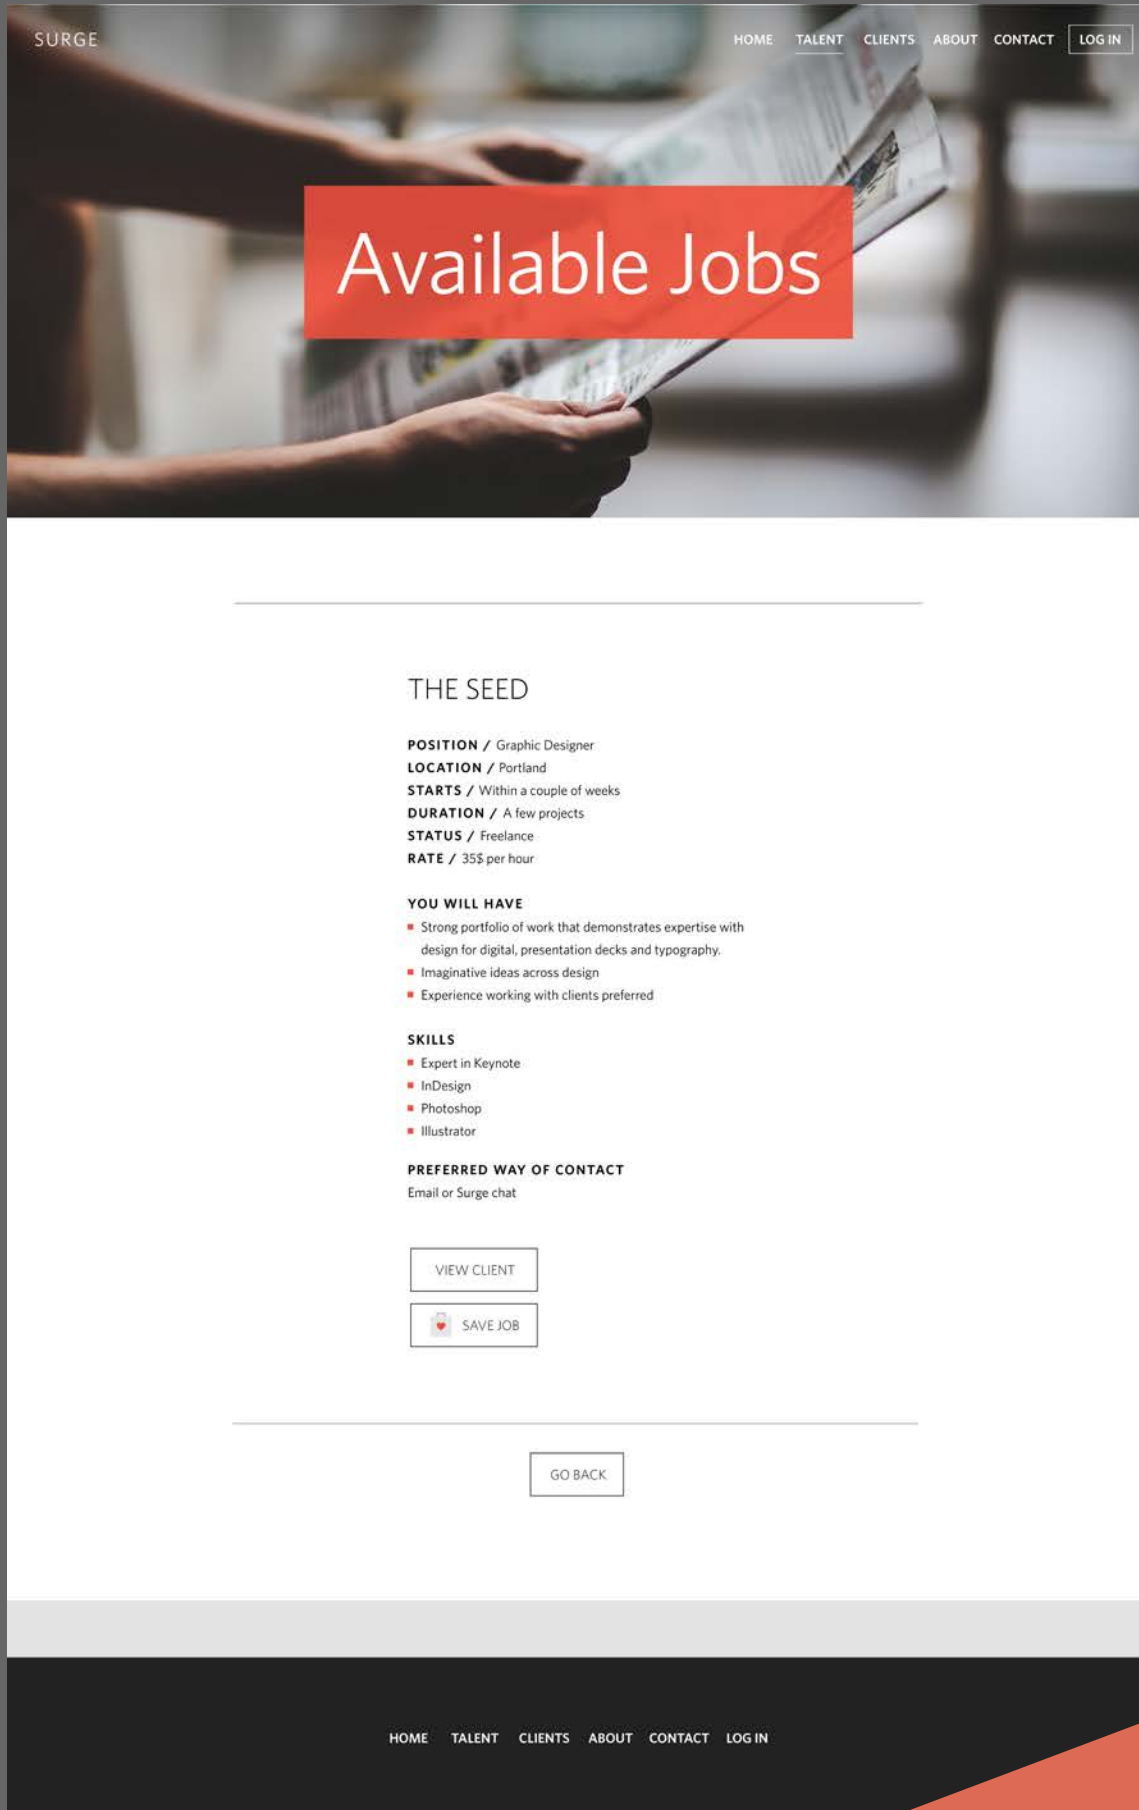

Below you can see filter options for job postings.

JOB LIST AND FILTER OPTIONS

VIEWING A PROFILE

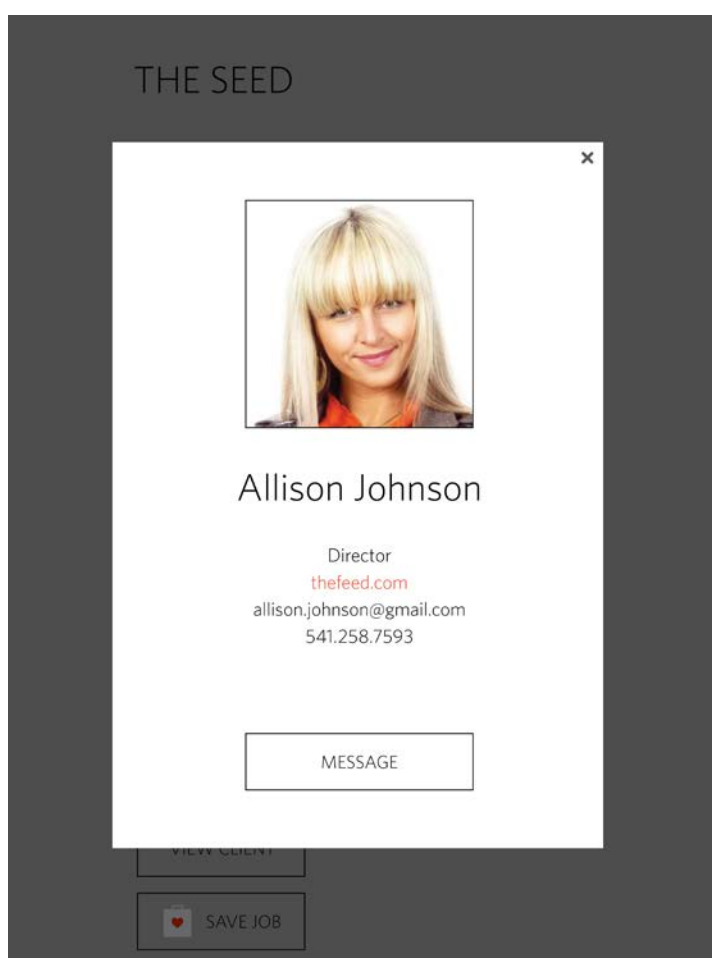

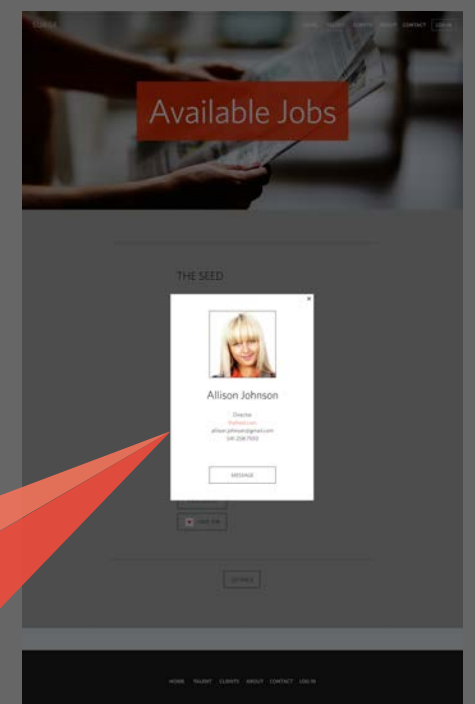

Job Posting

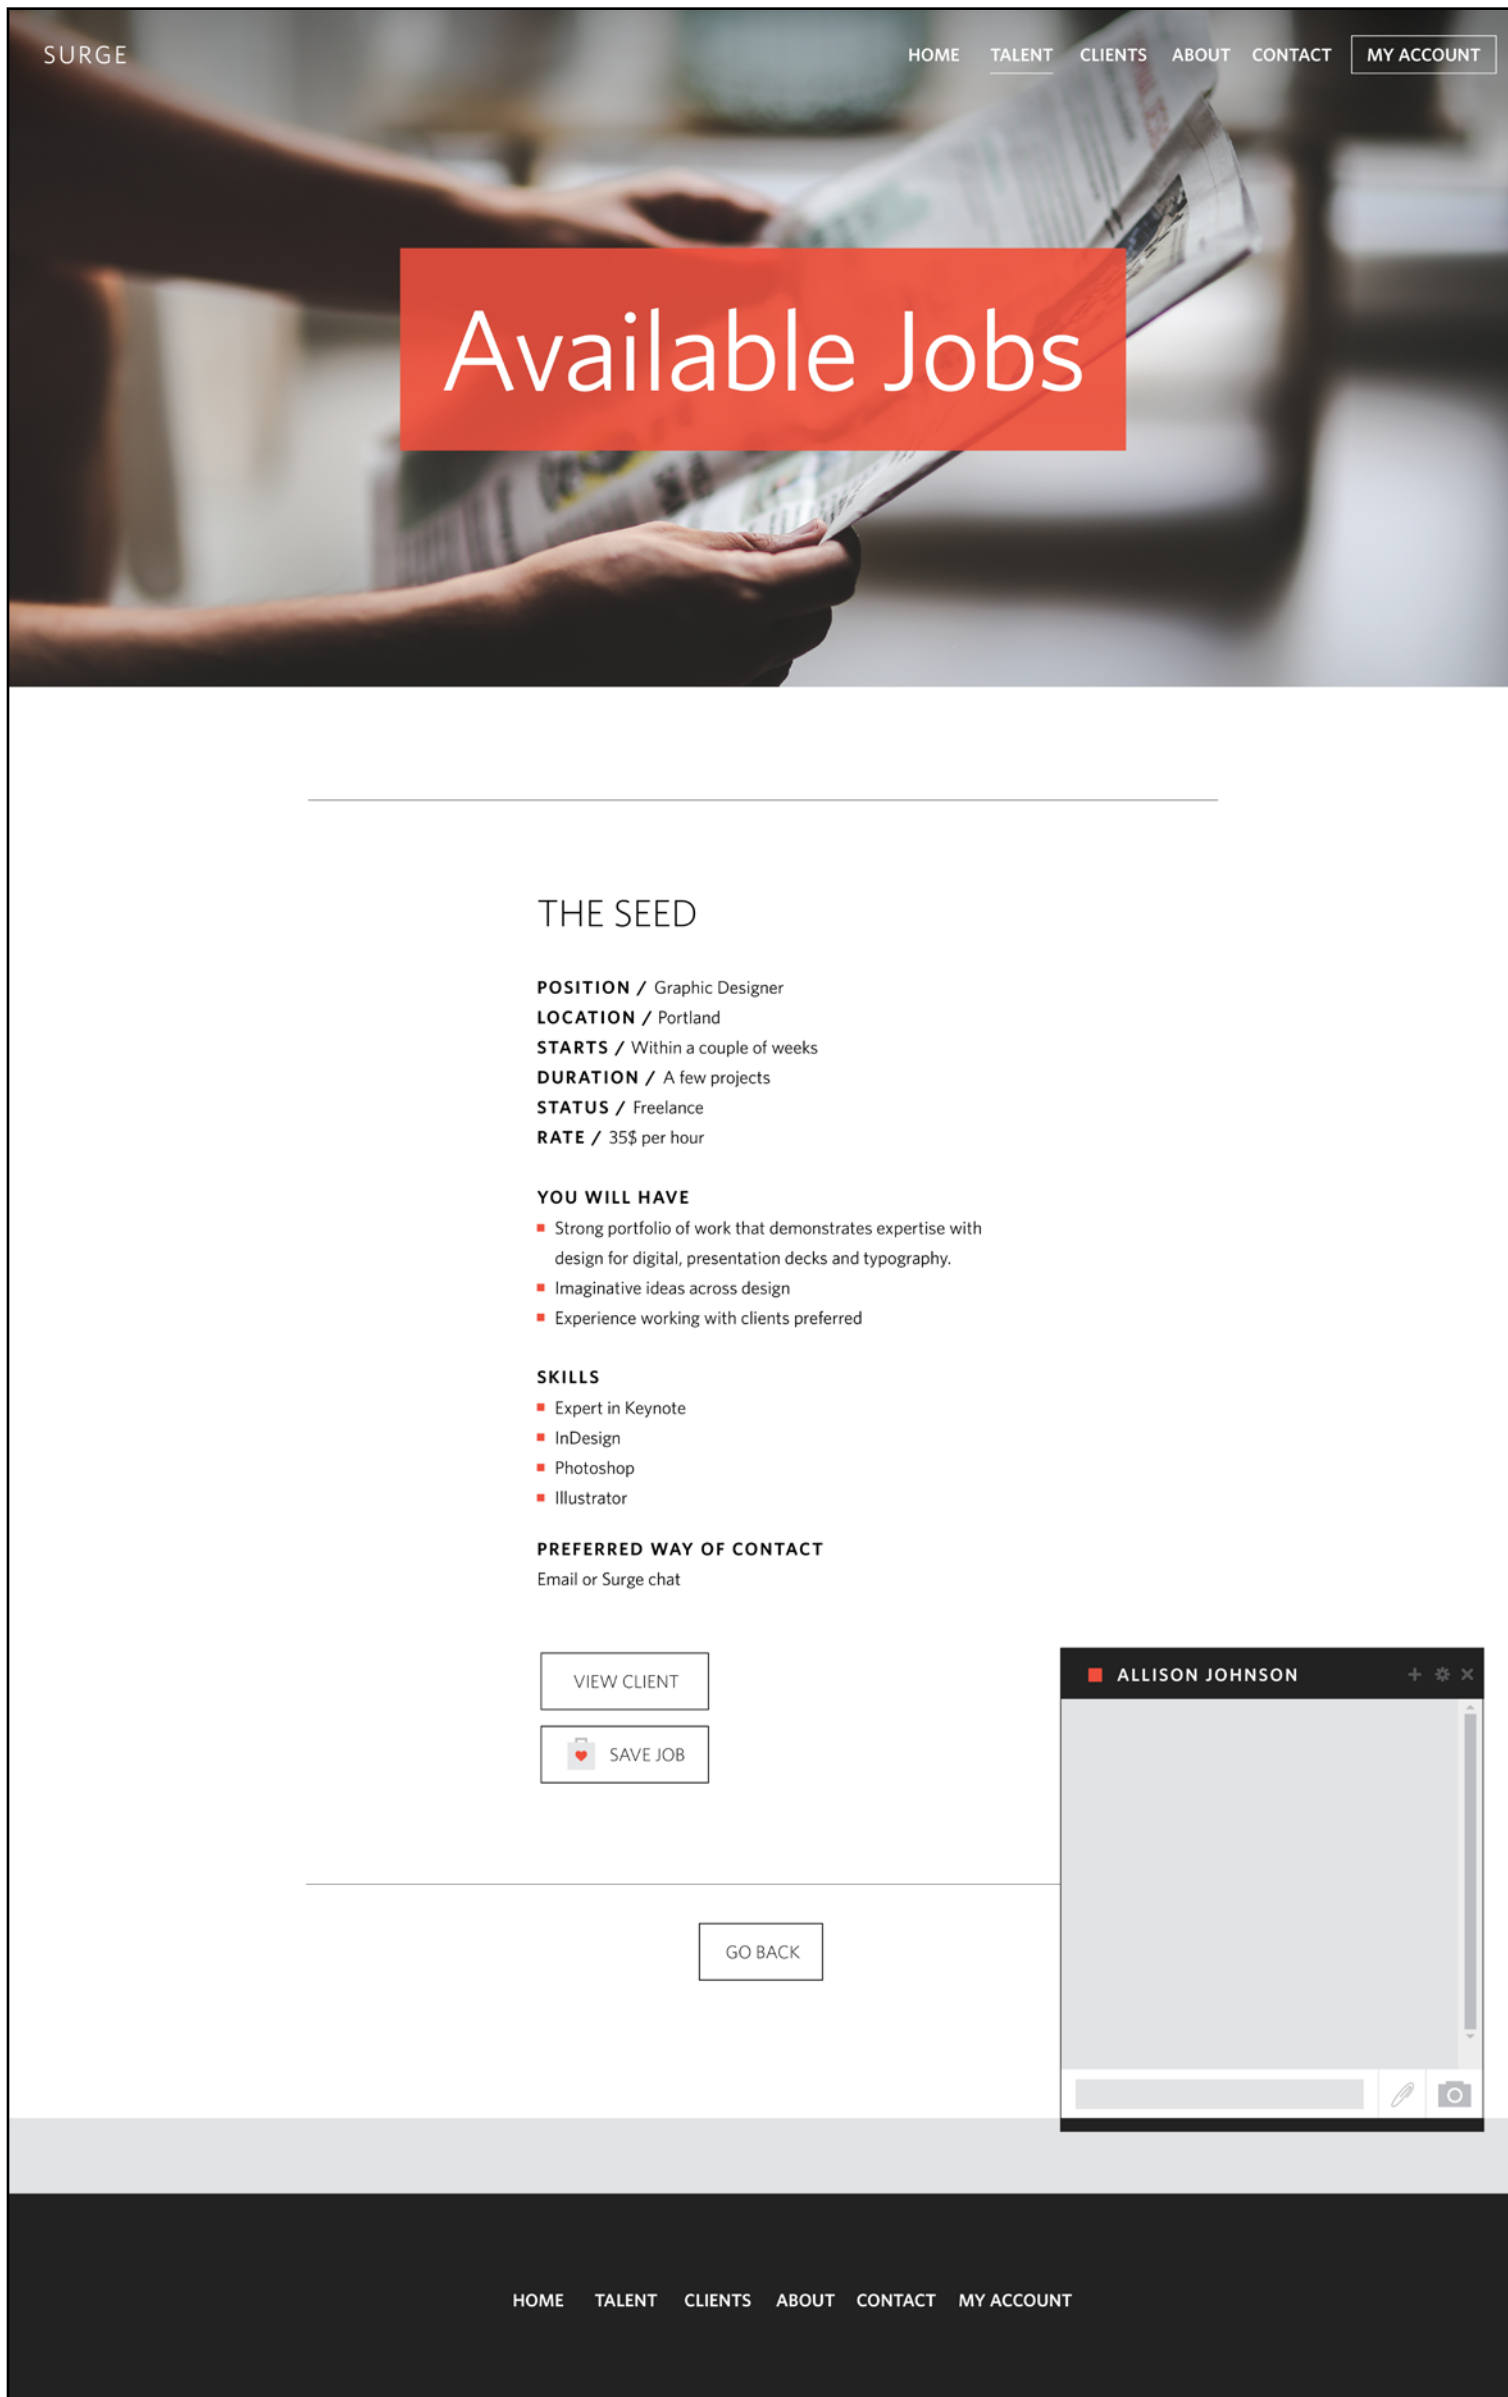

This is what the job posting pages look like on the website. A client would send Surge all the information he or she wishes to be displayed for the job posting.

Viewing Client

Below you can see what happens when the "view client" button is clicked. You can see a little information about the client and choose to message him or her.

MESSAGING ON A JOB POSTING

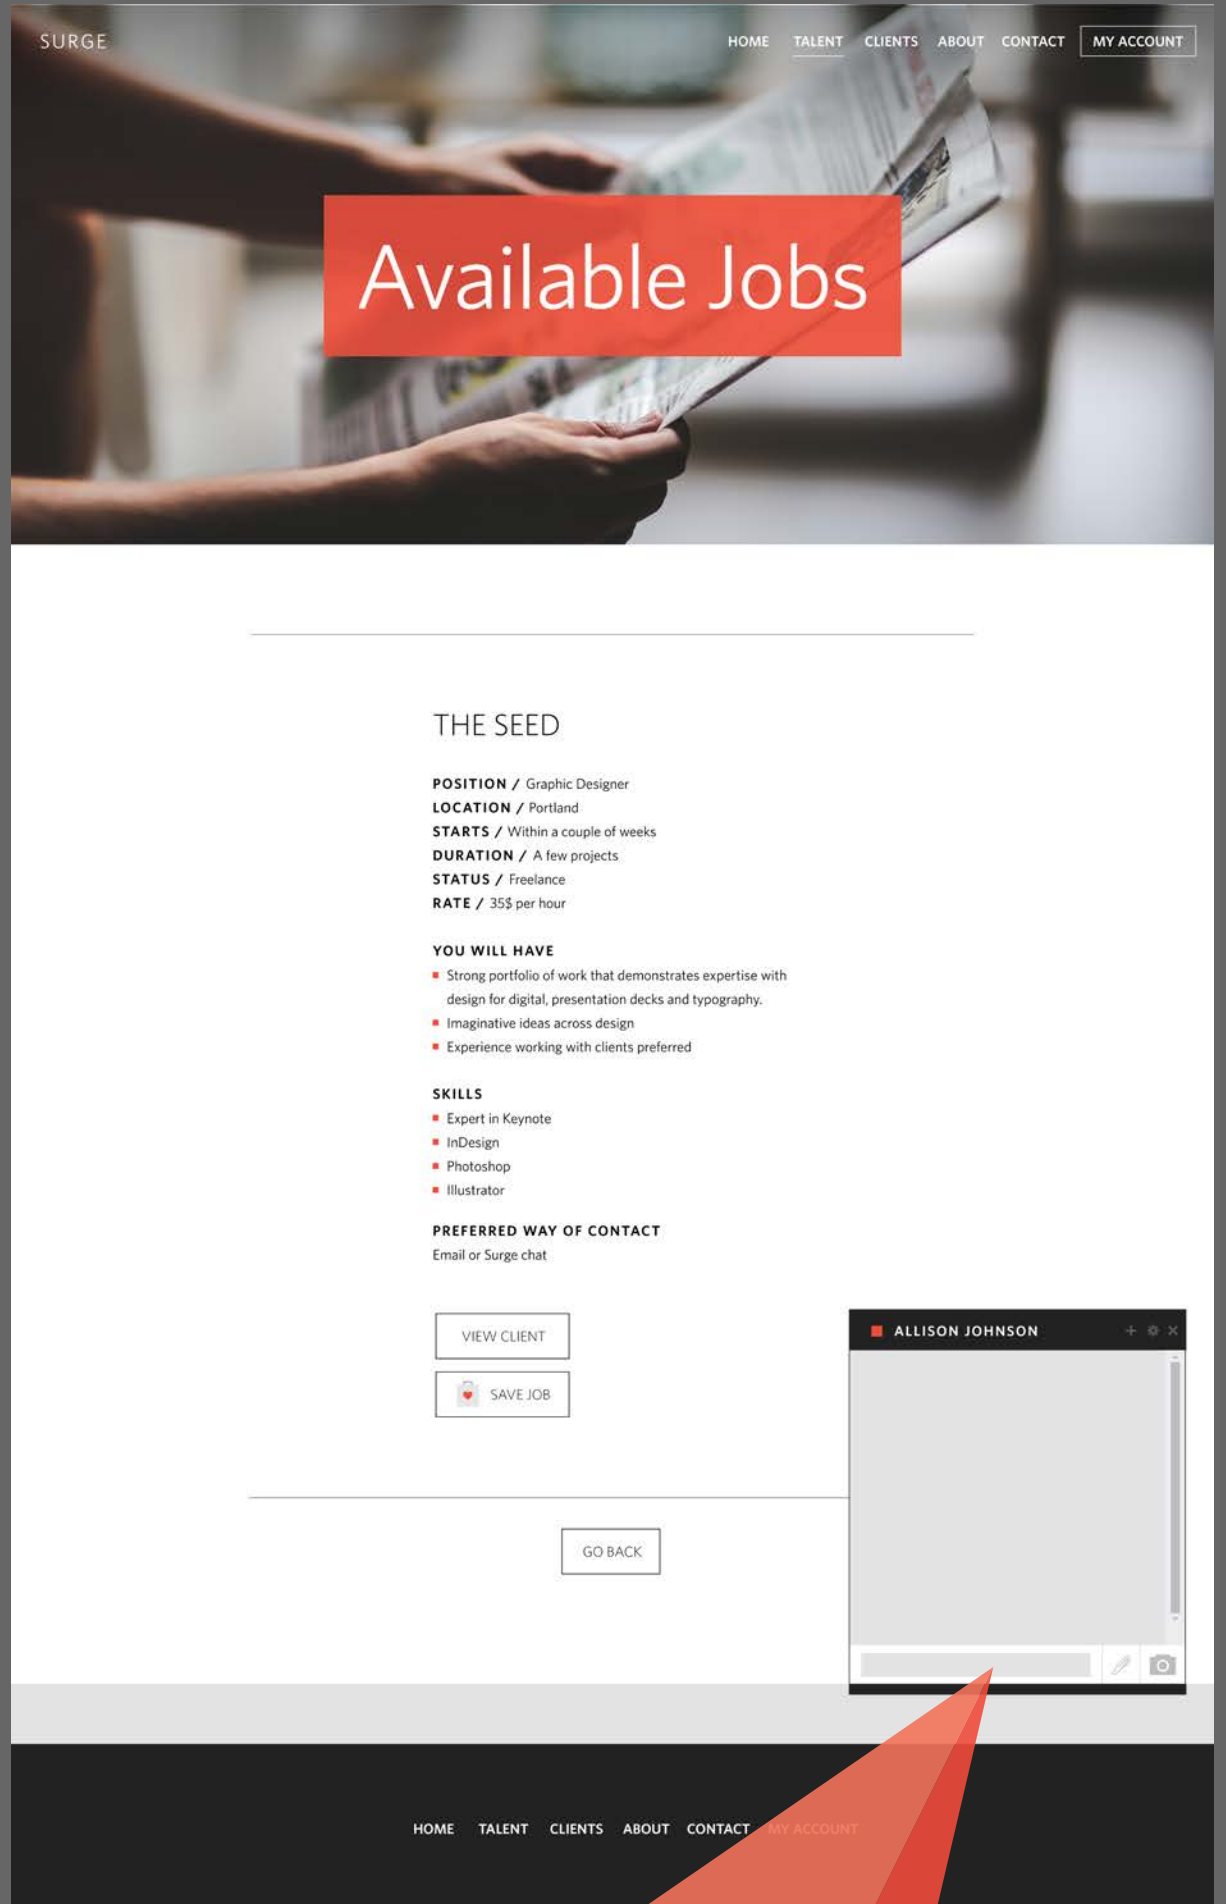

Messaging The Client

If the designer decides to message the client through a job posting this is the screen that would pop up. A pop up chat is displayed on the bottom of the screen.

Saving Jobs

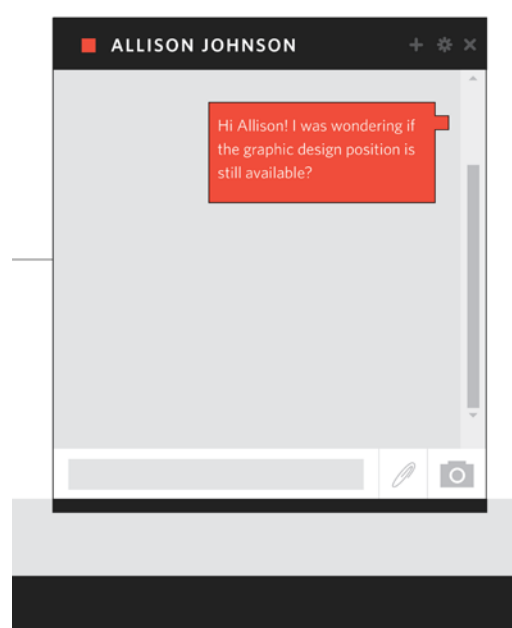

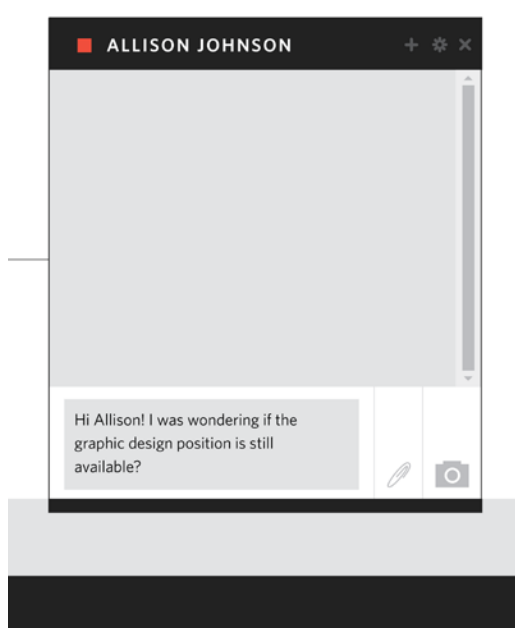

On this page the designer can choose to save the job to view later or just to keep track of it.

POP UP CHAT

Next Actions

On this page I have displayed what happens when the "message" button is clicked. A mini chat pops up in the corner. Below you can see what happens when a message is created.

TALENT PAGE

The screenshot shows a web page for 'SURGE' with a navigation menu (HOME, TALENT, CLIENTS, ABOUT, CONTACT, LOG IN) and a large red banner with the text 'Graphic Designers'. Below the banner are three designer profiles, each with a photo, name, title, contact information, and a 'SAVE TALENT' button.

MELISSA K. BLANCHARD
Graphic Designer

Purpose

Clients can view a list of designers to check out their web portfolios and learn a little more about them. A client can choose to save them to view later.

Viewing Action

When designers are clicked on their profile page is shown and they can also be messaged.

Group Projects

A designer can also contact another designer if he or she are interested in working on a group project.

Submitting

Once designers click the "submit" button, this message appears and they can close out of it or start to view job postings.

CLIENTS PAGE

Seeking Talent

When a client clicks on the "looking for talent" button he or she would see this screen.

Actions To Take

To take action on finding talent clients have the option to submit a form for their job to be posted. Additionally clients can click to view the graphic designers.

Screen Design

Clients can easily see what steps are in order to take to hire talent.

Client Form

This page is for the clients to fill out when wanting their job position to be posted for designers to view.

THANK YOU MESSAGE

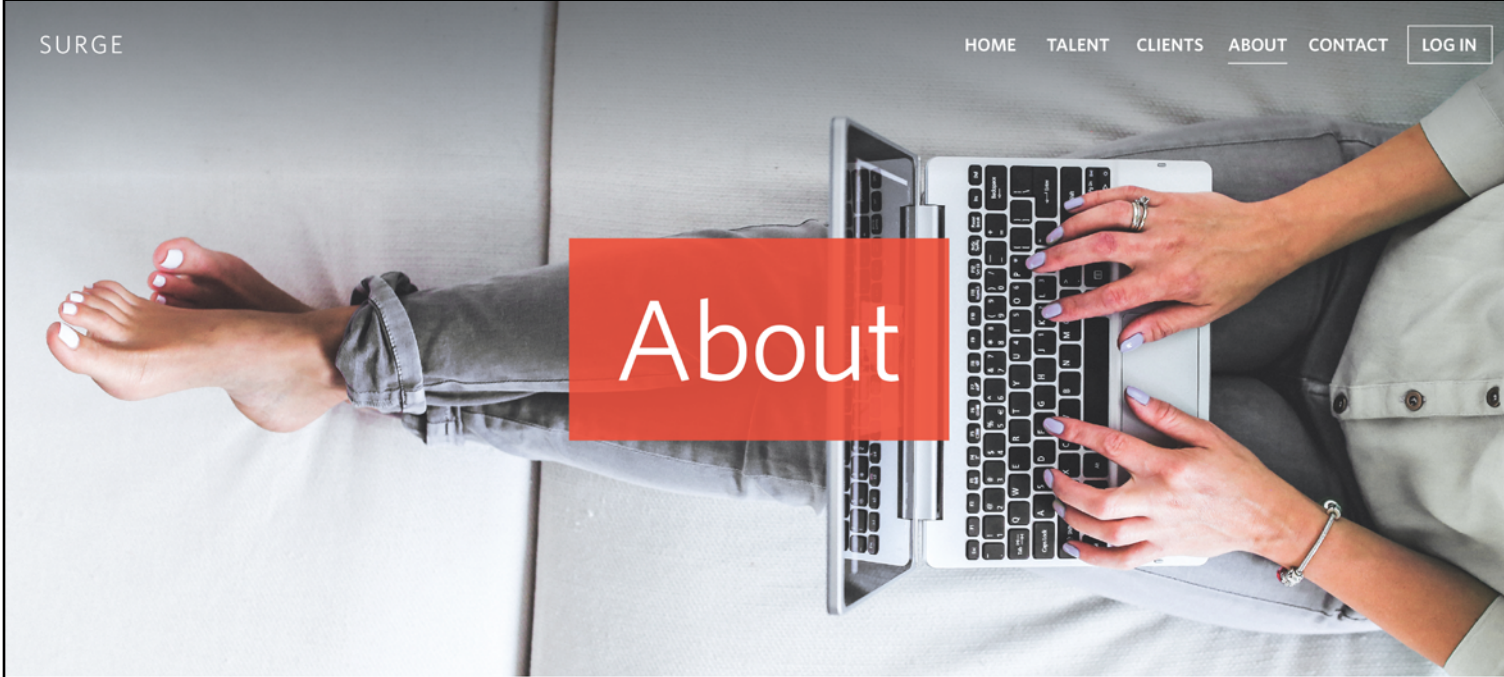

The screenshot shows the 'Request Talent' form on the Surge website. The form is titled 'Request Talent' and includes a navigation menu at the top with 'HOME', 'TALENT', 'CLIENTS', 'ABOUT', 'CONTACT', and 'LOG IN'. The form itself is titled 'Please fill out the remaining information to get started with Surge.' and includes the following fields: 'Please select a college university.' (dropdown menu with 'Art Institute of Portland' selected), 'Name *' (first and last name fields), 'Company Name *', 'Email Address *', 'Phone Number', 'Address', 'City', 'Position Title *', 'Type of Position' (checkboxes for 'One Time Job', 'College/Freelance Projects', 'Part-Time', 'Full-Time', 'Not Sure Yet'), 'Desired Start Date' (MM, DD, YYYY fields), and 'Message *' (text area). A 'SUBMIT' button is located at the bottom of the form.

This screenshot shows the same 'Request Talent' form as the previous one, but with a 'Thank you!' modal displayed over it. The modal contains the following text: 'Thank you!', 'We have received your request and will process it within a day or two. We will then post your position! If we have any questions regarding your request we will contact you.', 'In the mean time check out our talented designers!', and a 'VIEW TALENT' button. A red arrow points from the 'VIEW TALENT' button in the modal to the 'VIEW TALENT' button in the form below.

This is a close-up of the 'Thank you!' modal. It features a white background with a red border and a close button (X) in the top right corner. The text inside the modal is: 'Thank you!', 'We have received your request and will process it within a day or two. We will then post your position! If we have any questions regarding your request we will contact you.', 'In the mean time check out our talented designers!', and a 'VIEW TALENT' button.

Submitting

Once a client clicks the "submit" button, this message appears and he or she can close out of it or start to view the designers.

SURGE

HOME TALENT CLIENTS ABOUT CONTACT LOG IN

About

Surge is a resource for design students and businesses to connect and succeed together.

Surge is here to help businesses that cannot afford design agency prices by providing access to advanced level graphic design students. The designers gain professional experience while in school and build their portfolio. Both parties benefit from one another and are able to impact the design community in a positive way.

This resource is here for businesses to look for a designer and for designers to look for a client to work with. Surge allows designers to look for job postings. The designers can also submit their information here, making their information visible to business owners. Businesses could contact them for their services. A business owner can also submit a form on their job posting making their jobs available for designers to view. Surge hosts all the available information to both parties and it is up to the designers and businesses to connect and work together. It is between the two parties to figure out rates.

DESIGNER BENEFITS

- Gain real world experience
- Build up your portfolio
- Help improve design in the community
- Create long lasting connections
- Earn some income
- Future Job opportunities
- Help a business succeed

CLIENT BENEFITS

- Work with talented designers
- Save Money
- Gain fresh designs for business
- Be apart of improving the community
- Improved sales
- Help create job opportunities
- Gain an asset to your business
- Help a student succeed

HOME TALENT CLIENTS ABOUT CONTACT LOG IN

Purpose

On the About page a designer or client can learn about Surge more in depth. He or she can also view the benefits of designers and clients.

HOME TALENT CLIENTS ABOUT CONTACT LOG IN

Purpose

This page is for designers or clients to be able to contact Surge. They can contact Surge if they have questions or concerns.

Situation Example

An example of a concern:
A designer could be having a tough time with a client and he or she can ask Surge for advice on the situation.

PROFILE PAGE

Purpose

The profile page can be accessed through the "my account" tab. Here designers or clients can view or edit their profile.

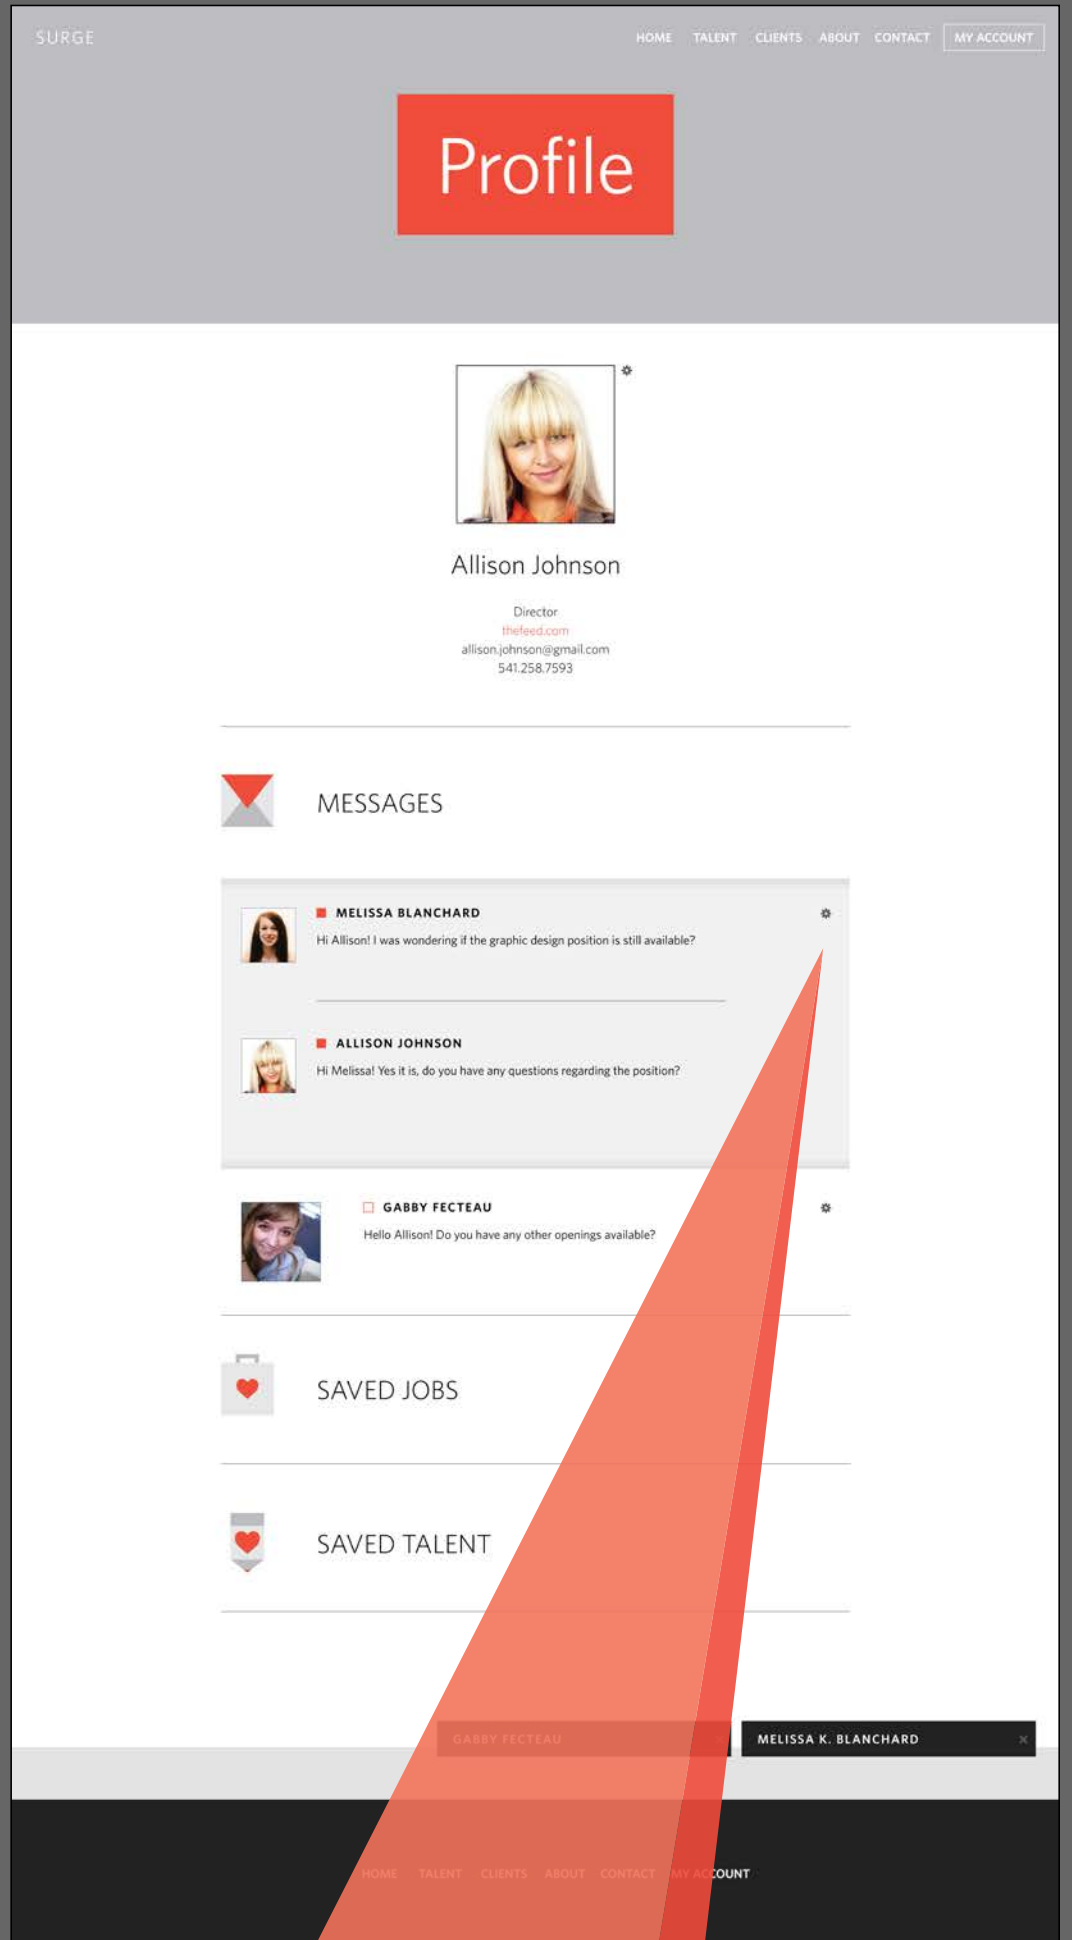

Screen Design

Designer or clients can view their messages, saved jobs, and saved talent.

Accordion Fold Action

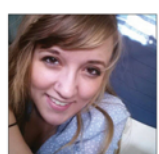

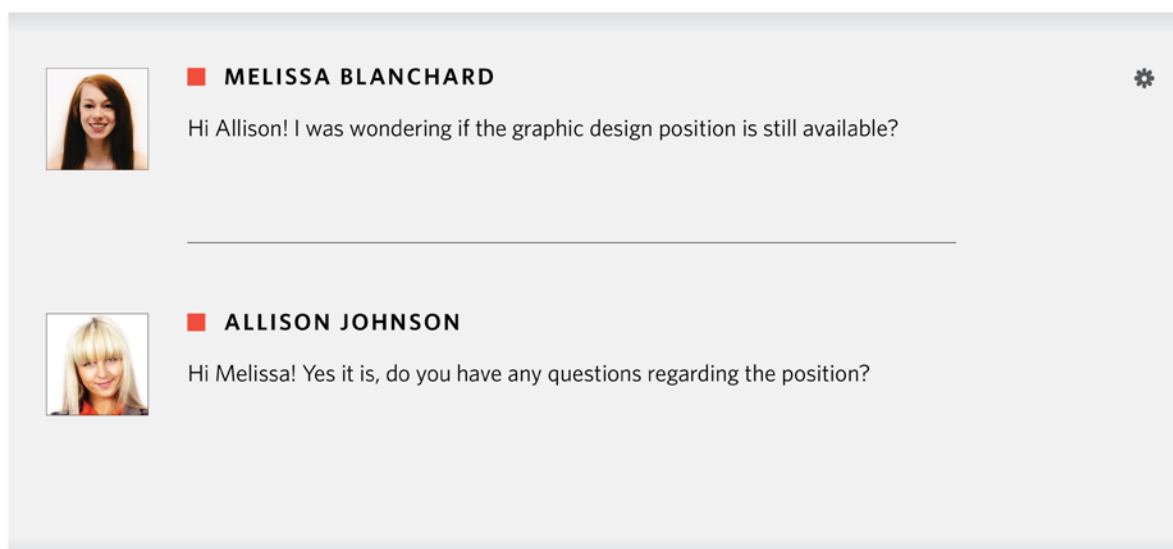

This page works like the job posting page. This section displays an accordion type fold.

MESSAGES

Accordion Fold Function

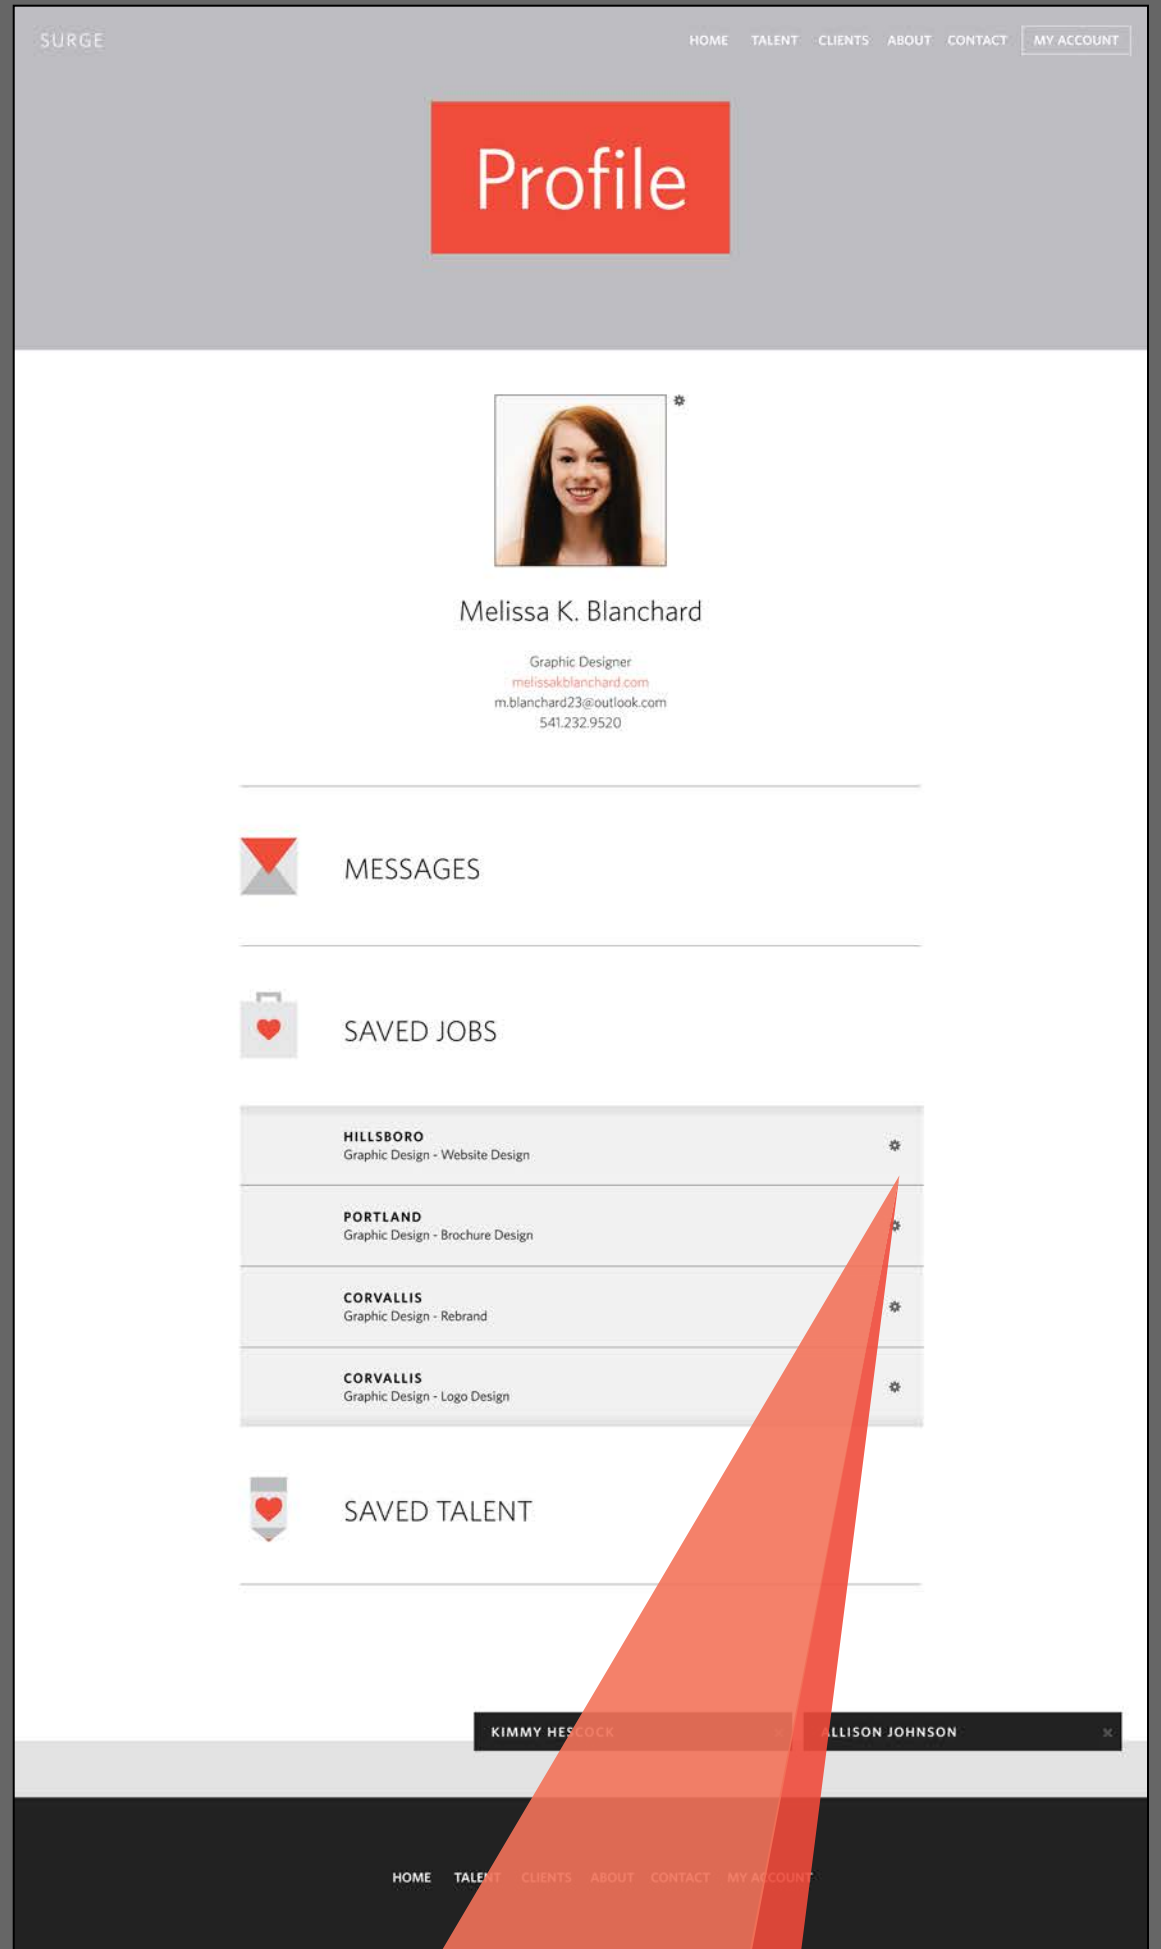

Here you can see how messages would look under this section. A designer or client can also have the option to share the message with another person, block a person, or delete the message.

GABBY FECTEAU

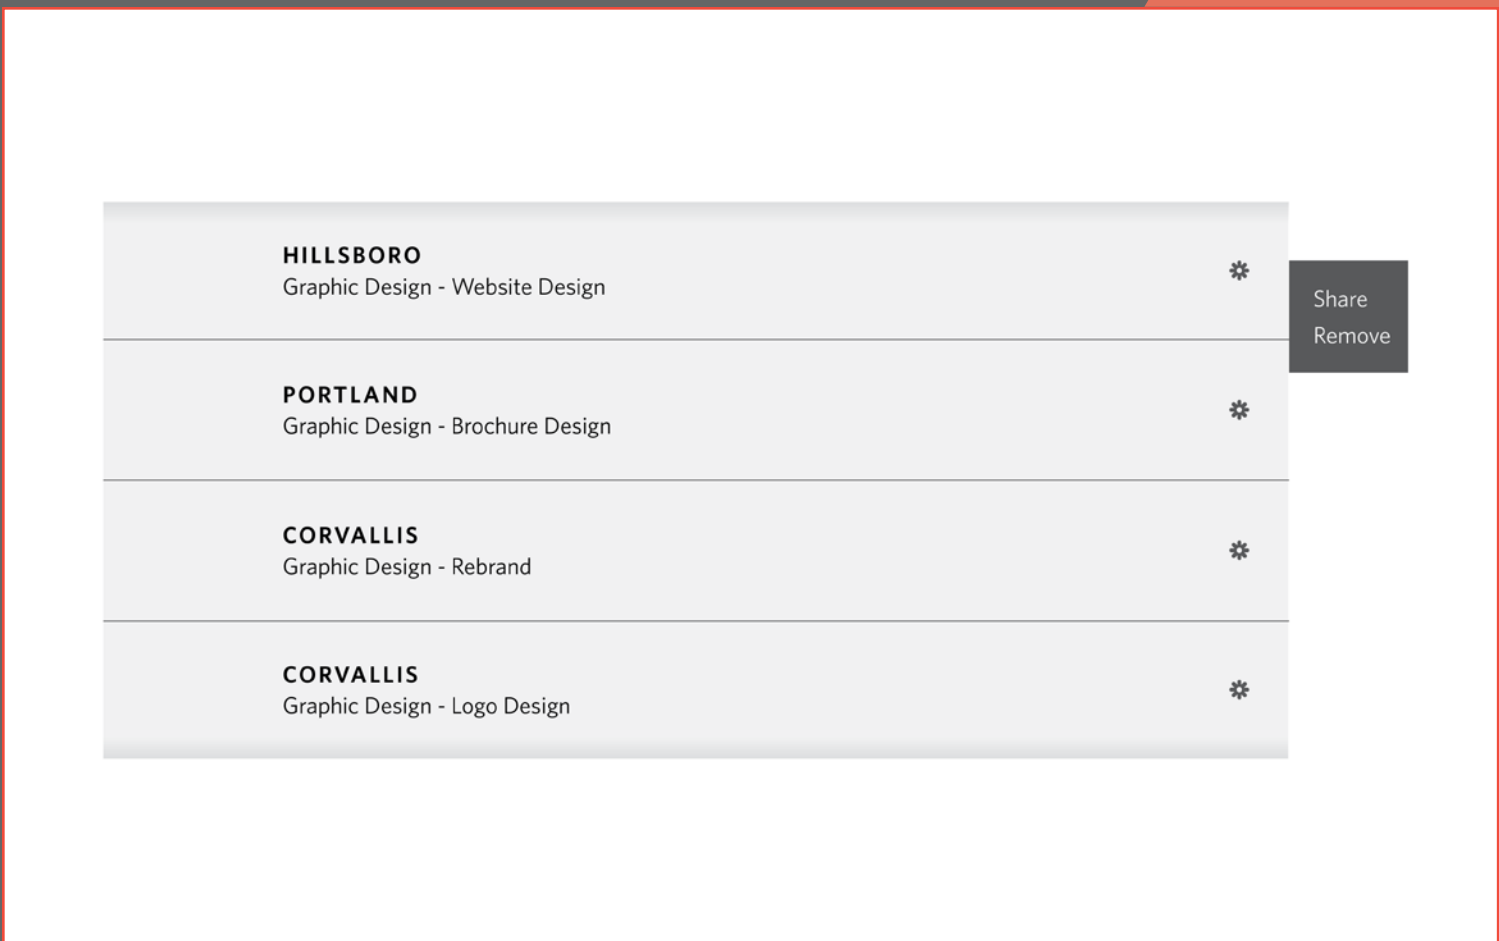

Hello Allison! Do you have any other openings available?

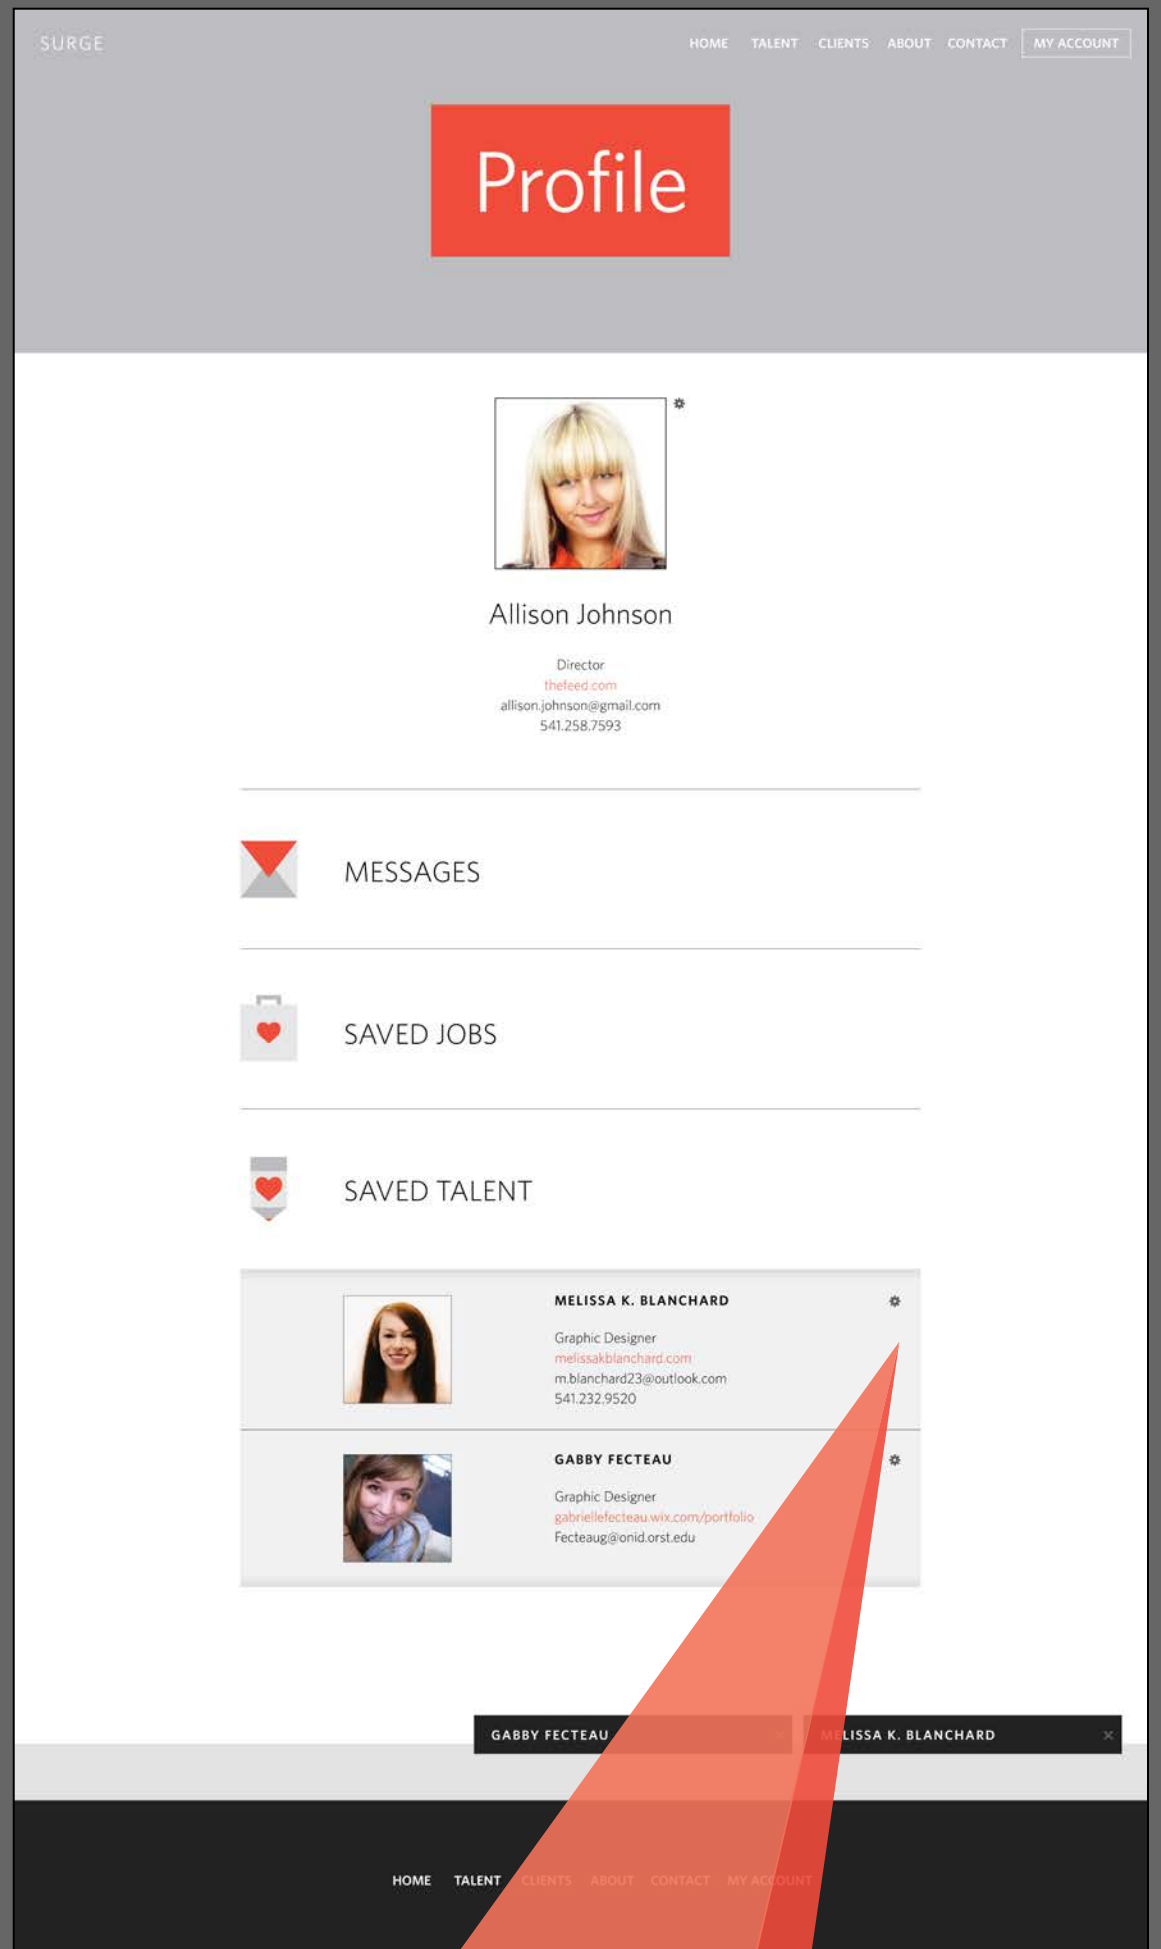

Accordion Fold Function

When designers or clients want to view their saved jobs they can see their customized list. They can remove their saved jobs or share them with another person.

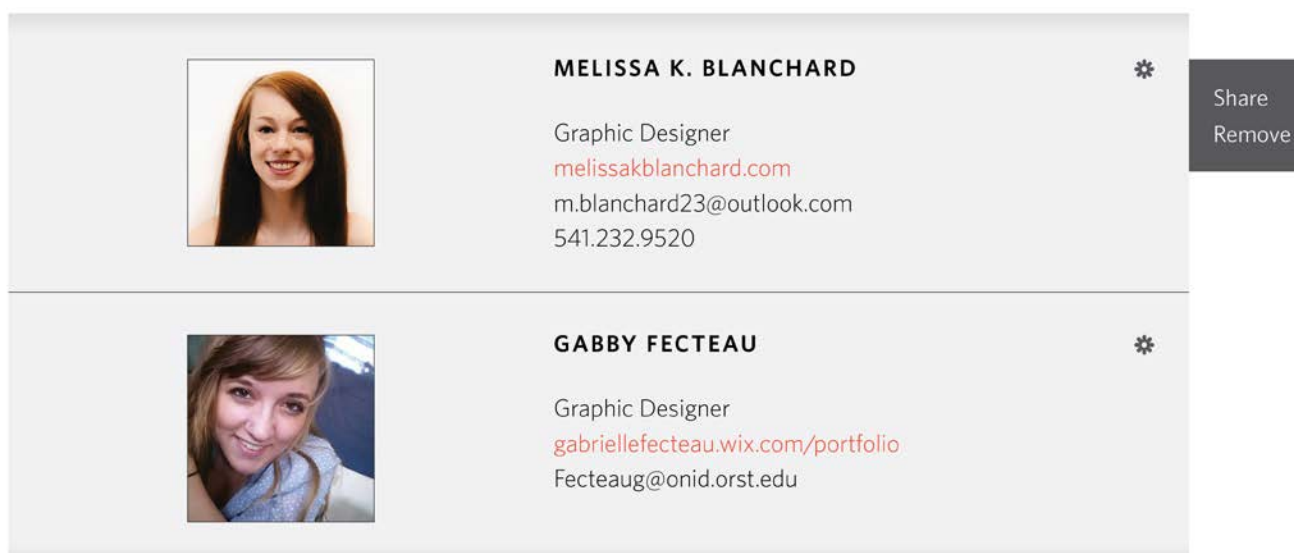

SAVED TALENT

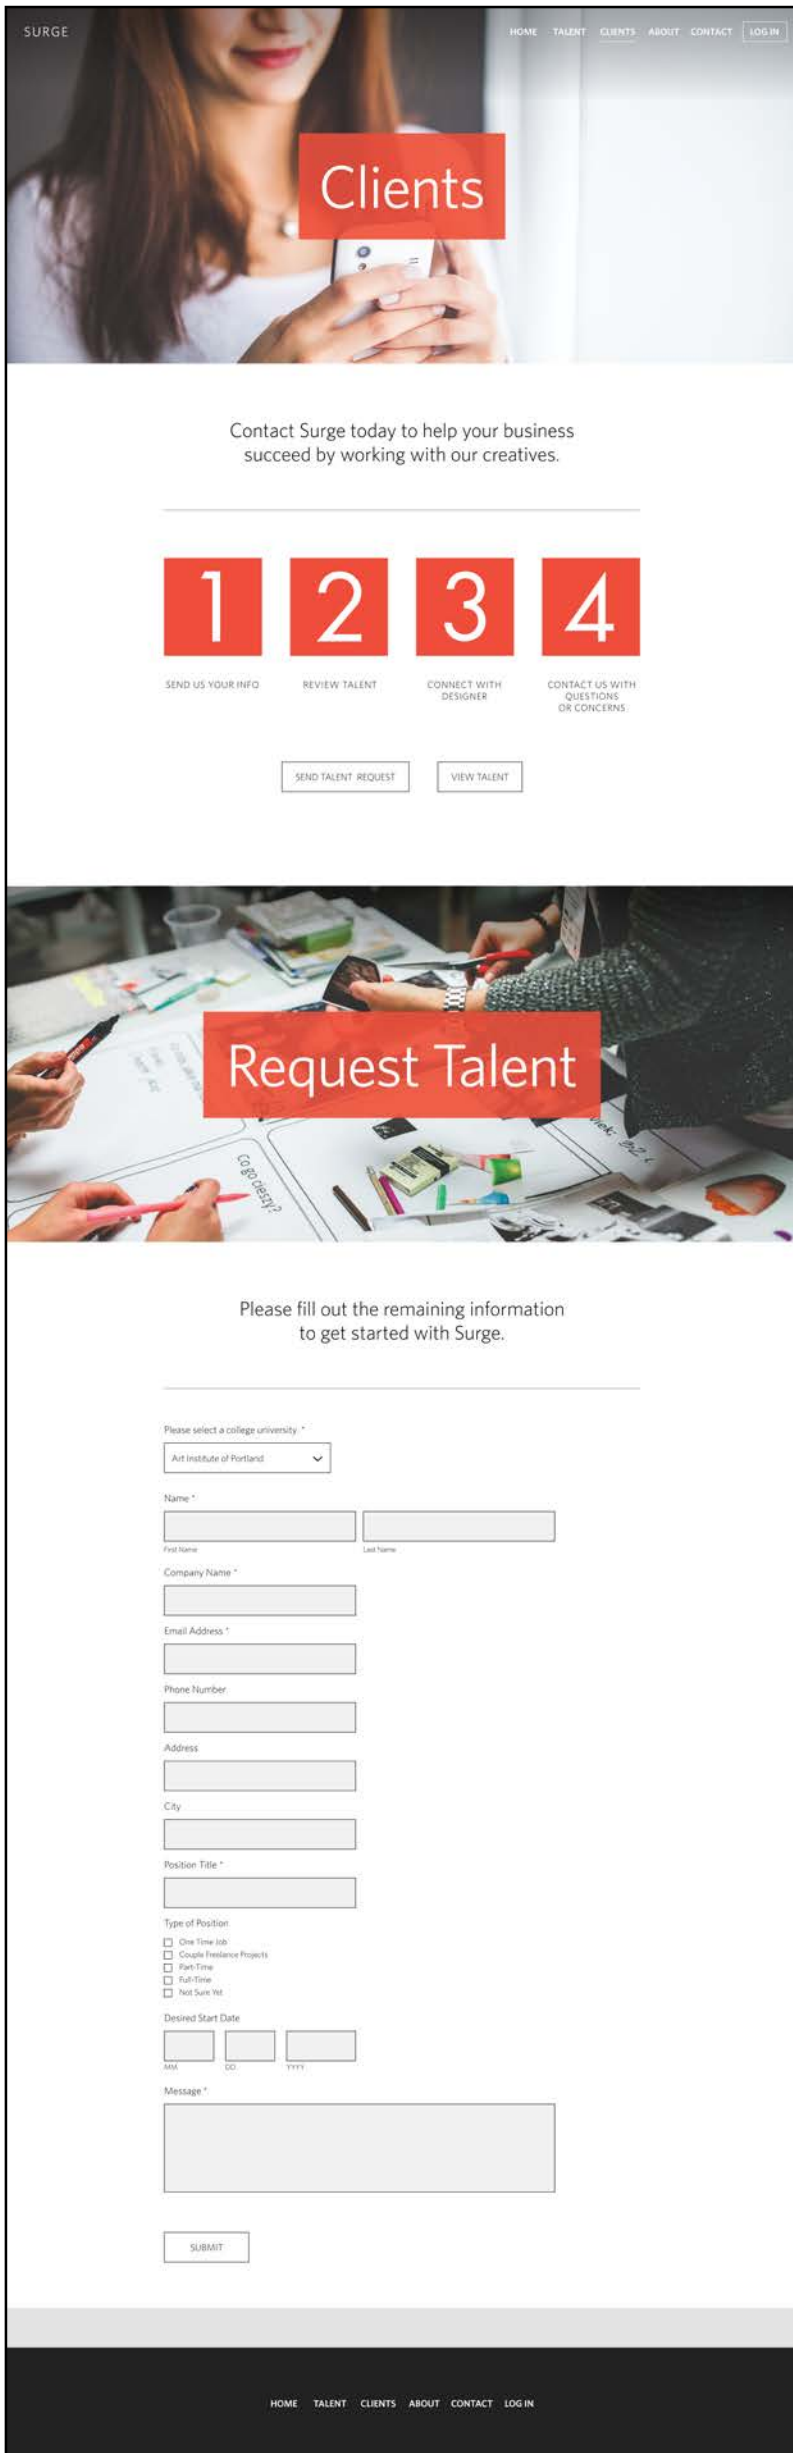

Accordion Fold Function

Here you can see how saved talent would look under this section. A designer or client can also have the option to share the talent with another person or remove his or her saved talent.

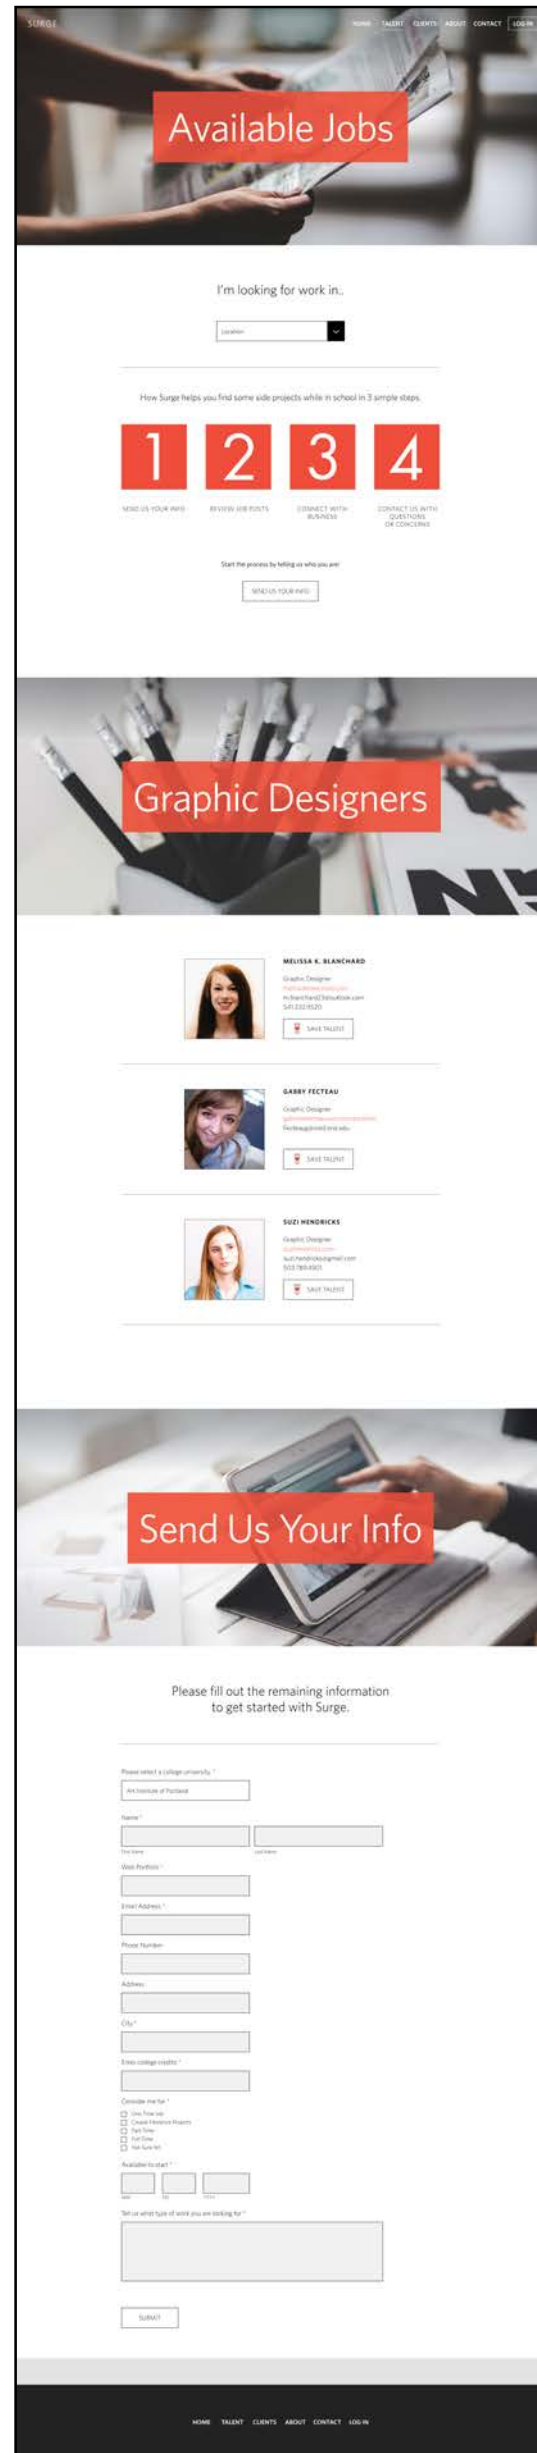

WHOLE PAGE VIEW

Scrolling Action

This page shows what it would look like on a functioning website.

Client Tab

The image on the left is what clients would be seeing if they clicked on the "clients" tab.

Talent Tab

The image on the right shows what designers would see on the "talent" tab.

SURGE

MOBILE APP

APP Functions

- Accordion Folding
